KEY TRANSIT FACTORS

♄ Chiron ☐ Square ☉ natal Sun · peak 1 Feb ★

Over the coming weeks, you'll feel **self-doubt creeping into situations where you'd normally feel confident**. Small failures or critical feedback will sting more than usual, and you may withdraw from activities where you typically lead. This is *Chiron* square your *Sun* forcing you to notice where your confidence is fragile or built on shaky ground.

☿ Mercury ☒ Quincunx ☾ natal Moon · peak 1 Feb ★

Right now your thoughts and your feelings are working at cross purposes, so you say one thing while sensing something different underneath. You might find yourself explaining yourself repeatedly to people because your words do not quite match what you actually feel, creating **awkward misunderstandings in conversations**. Over the coming weeks, paying attention to this gap between what you think and what you feel will help you communicate more clearly.

♆ Neptune ☍ Opposition ♁ natal NNode · peak 15 Feb

While this lasts, you may feel **unclear about which direction to take** in relationships or work, even when you normally have a clear sense of what matters to you. People around you might seem unreliable or send mixed signals, making it hard to know who to trust or what advice to follow. These weeks test your ability to stay grounded in what you actually know about yourself instead of drifting toward whatever feels easiest or most appealing.

♃ Jupiter ☒ Quincunx ♃ natal Jupiter · peak 24 Feb

Right now you are noticing a mismatch between what you want to expand in your life and what actually fits your current situation. You might feel pulled toward a new opportunity or ambition, but something about it does not quite align with your practical reality. Over the coming weeks, the adjustment you need to make will become clearer if you stop pushing and instead listen to what feels genuinely **workable** rather than just exciting.

♅ Uranus ☒ Quincunx ☿ natal Mercury · peak 1 Feb

While this lasts, your thinking becomes harder to organize—ideas arrive faster than you can sort them, and your usual way of explaining things stops working the way it normally does. You might find yourself changing your mind mid-conversation or struggling to finish a sentence because a completely different thought cuts in. This isn't permanent confusion, just a temporary mismatch between how your brain wants to work right now and how it usually operates.

♄ Chiron ☒ Quincunx ♁ natal NNode · peak 28 Feb

Over the coming weeks, you feel pulled in two directions about your social role and where you fit in. You notice yourself second-guessing decisions about groups or communities you belong to, even though you usually know what you want. This **uncomfortable self-doubt** is temporary, and it often signals that some adjustment to how you present yourself socially is actually needed.

♄ Saturn ☐ Square ♃ natal Moon · peak 1 Feb

Right now your emotional needs feel blocked or neglected, and you're likely being harder on yourself about what you want or feel. **You withdraw** from people instead of asking for what you need, then feel resentful or alone. Over the coming weeks, you'll have a chance to sort out which of your feelings actually matter to you and which ones you've just been carrying around without question.

♄ Saturn ☒ Quincunx ♆ natal Neptune · peak 1 Feb

Right now you're noticing the gap between what you imagine and what actually works in practice. You feel caught between wanting to escape reality and knowing you have real responsibilities that need attention. This uncomfortable mismatch forces you to make small adjustments to your plans, even if it feels frustrating at the moment.

♇ Pluto △ Trine ♁ natal NNode · peak 1 Feb

You're finding it easier to let go of patterns that no longer fit your life, without the usual resistance or drama. **You can make practical changes to your direction** — whether that's in work, relationships, or how you spend your time — and they feel natural rather than forced. These shifts align with what you actually want to become, so you move forward with real conviction instead of second-guessing yourself.

♅ Uranus ☒ Quincunx ♅ natal Uranus · peak 1 Feb

You feel restless about routines that used to work for you, and small changes in your daily structure suddenly feel important to make. Your usual way of staying independent or rebelling against rules gets awkward or misaligned, like you are not sure whether to stick with what you know or push against it. Over the coming weeks, you might experiment more with how you organize your time or your space, testing what actually fits you right now.

♃ Jupiter ☐ Square ♄ natal Saturn · peak 28 Feb

Right now you're caught between wanting to expand and feeling held back by practical limits. You may **overcommit yourself** and then run into real obstacles that force you to cut back, leaving you frustrated. These next weeks will test whether you can push forward responsibly or if you'll waste energy fighting against real constraints.

♄ Saturn ☒ Quincunx ♇ natal Pluto · peak 1 Feb

You feel stuck between wanting to control a situation and knowing you cannot, which makes you irritable and restless in ways that are hard to explain to others. **You push harder on things that won't budge**, and this friction shows up most in relationships or projects where someone else has real power. Over the coming weeks, the practical way forward is to accept what you genuinely cannot change and redirect your effort toward the small moves that are actually within your reach.

♅ Uranus △ Trine ♇ natal Pluto · peak 1 Feb

You find yourself **taking practical action on changes you've wanted to make** without getting stuck in overthinking or self-doubt. This period brings a natural confidence that old patterns no longer serve you, so you move forward with less resistance than usual. Over the coming weeks, you're more likely to follow through on those shifts you've been planning instead of just talking about them.

♄ Chiron ☐ Square ♀ natal Venus · peak 1 Feb

You may feel rejected or inadequate in your relationships right now, picking up on small slights and interpreting them as proof that you're not lovable. Your usual warmth and charm feel blocked, making it harder to ask for what you want or to enjoy physical affection without second-guessing yourself. Over the coming weeks, this discomfort pushes you to stop abandoning your own needs in order to keep people happy.

♄ Saturn ☐ Opposition ♅ natal Uranus · peak 1 Feb

Right now you are caught between wanting to break free and feeling locked down by real constraints, and this clash is making you restless and irritable. You might suddenly impose strict rules on yourself or resist any structure at all, swinging between these two extremes without finding middle ground. **You feel frustrated that you cannot escape your obligations**, and this tension will likely push you to make hasty decisions about work, relationships, or commitments that you'll need to revisit once this period ends.

Whether you're planning a journey, starting a course of study, or simply opening your mind to different perspectives, what you initiate carries real weight for your long-term growth.

○ Full Moon · Sunday, 17 Feb

in ♌ Leo

in H3 — Communication & Learning

A conversation, agreement, or learning process is reaching its culmination. Something that has been said or left unsaid is **demanding honest attention now**. The full moon illuminates your immediate environment — siblings, neighbors, short journeys, messages, and everyday exchanges. A truth that's been circling may finally land clearly. This is a moment to **complete a piece of writing, resolve a local dispute, or have the direct conversation** you've been avoiding.

KEY DATES

Fri, 1 Feb ♄ Saturn □ Square ☾ natal Moon

♇ Pluto △ Trine ♃ natal NNode

Sun, 3 Feb New Moon in Aquarius

Sat, 9 Feb ☿ Mercury enters ♒ Aquarius

Mercury in *Aquarius* brings **clearer, more direct communication** — people tend to say what they actually think instead of softening their words, which works well in meetings but can feel blunt in casual conversations. At work and in friendships, you'll notice **more focus on logic and ideas** rather than emotions, making this a good time for problem-solving but a trickier period if someone needs emotional support. *Aquarius* also pushes thinking toward the **bigger picture**, so conversations shift from daily complaints to plans, systems, and what-if scenarios that feel more interesting but less immediately practical.

Mon, 11 Feb ♄ Saturn □ Square ☾ natal Moon

Fri, 15 Feb ♆ Neptune ♂ Opposition ♃ natal NNode

Sun, 17 Feb Full Moon in Leo

Tue, 19 Feb ☉ Sun enters ♓ Pisces

The Sun moving into *Pisces* shifts attention toward **listening and flexibility** for the next month, making people naturally more **willing to adjust plans** instead of pushing forward rigidly. At work and in relationships, you'll notice others become **harder to pin down** — deadlines slip, people change their minds, and vague agreements replace firm commitments, which requires patience rather than frustration. *Pisces* season softens the usual drive to compete or win, so **collaboration and going with the flow** tend to work better than direct pressure during this time.

Thu, 21 Feb ♅ Uranus stations Direct

Uranus turning direct after months backward means **stuck situations finally shift** — delays in tech, contracts, or unusual projects resume their forward motion. What felt **blocked or confusing** about your routines, friendships, or work systems becomes **clearer to act on** now that the planet moves the way it normally does. Most people notice they can **make real changes** instead of just thinking about them, whether that's switching jobs, updating systems, or ending relationships that went nowhere during the retrograde.

Mon, 25 Feb ♆ Neptune ♂ Opposition ♃ natal NNode

Wed, 27 Feb ☿ Mercury enters ♓ Pisces

Mercury in *Pisces* makes your thinking **slower and less direct** — you'll notice yourself taking longer to find the right words, or changing your mind mid-conversation. In work and daily tasks, this transit rewards **intuition and pattern-spotting** over step-by-step logic, so you might solve problems by sensing what feels right rather than working through details. Relationships often improve because you're more **willing to listen without interrupting** and pick up on what people aren't saying aloud, though you may struggle to explain your own point clearly.

Thu, 28 Feb ♂ Mars enters ♈ Aries

Mars in *Aries* brings **directness and speed** to how people push for what they want, whether at work or in conversations. You'll notice people **act faster** on decisions and speak up more bluntly instead of holding back, which can get things done quickly but also create friction if someone feels steamrolled. In practical terms, this is when **competition heats up** — at the gym, in meetings, on projects — and people have less patience for delays or obstacles.
