KEY TRANSIT FACTORS

♆ Neptune ∠ Semi sextile ♂ natal Uranus

Your **imagination becomes practical** during this period, and ideas that normally stay stuck in your head suddenly feel doable. You find yourself sketching out plans for changes you want to make, whether that's rearranging your space or trying something new at work. This is a good window to turn those creative thoughts into actual steps forward, because right now your daydreams have real traction.

☿ Mercury * Sextile ♁ natal Chiron

Right now you find it easier to talk about things that normally feel difficult or tender for you. Your words come out clearer and more honest without feeling as risky, and people tend to listen more carefully. This is a good window to **have the conversations you've been putting off** — about past hurts, what you need, or how you've grown from hard experiences.

♁ Uranus * Sextile ♁ natal Chiron

You find it easier right now to talk about past difficulties without getting stuck in them, and people actually listen differently when you do. Your **ability to explain what hurt you in a practical way** opens doors to real conversations instead of arguments. This period gives you a chance to turn old pain into something useful that helps both you and others move forward.

♆ Neptune ∠ Semi sextile ♇ natal Pluto

These days you find it easier to **let go of control** in situations where you've been holding tight for too long. Small shifts in your practical routines or relationships feel natural rather than forced, as if you're finally allowing things to move at their own pace. Over the coming weeks, this lighter approach helps you see what actually needs to change and what you can safely release.

♁ Chiron Δ Trine ♁ natal Chiron

Right now you find it easier to talk about your past difficulties without getting stuck in them or needing to defend yourself. You notice you can listen to other people's struggles with real patience instead of jumping to fix things or turning the conversation back to yourself. This **steadier, more grounded way of helping** feels natural, and people respond by opening up more genuinely around you.

☿ Mercury Rx • ♌ Leo

Self-expression feels less fluid right now and there is a tendency to overthink how you come across to others. Conversations about recognition, creative projects, or past performances may resurface during this period. Creative work benefits more from revision than from new starts right now.

♃ Jupiter Rx • ♒ Aquarius

Ideas about social progress, collective improvement, and future-oriented goals turn inward during this period. Idealism that has been driving group efforts may need grounding in more concrete assessment. Reviewing rather than promoting your vision of how things could improve serves you better right now.

☉ Sun ☐ Square ♄ Saturn

Right now you're running into real obstacles when you try to move forward with what you want. **You feel blocked by rules, other people's expectations, or your own self-doubt**, and pushing harder usually just makes things worse. The practical thing to do is slow down, check what's actually realistic, and accept that some goals need more time or a different approach.

☾ Moon ♂ Conjunction ☿ Mercury

These days your thoughts and feelings are moving in the same direction, which makes it easier to talk about what you actually feel instead of hiding it. You find yourself wanting to tell people what's on your mind, and the words come out more naturally than usual. This is a good time to have practical conversations about emotional topics, since you're not overthinking or getting stuck in your head.

☾ Moon ∟ Semi sextile ♀ Venus

These days you find it easier to **say what you actually feel** without worrying so much about how it lands. The emotional and social parts of you are working together instead of against each other, so expressing affection or gratitude comes naturally. This is a good window for having honest conversations with people you care about without the usual awkwardness getting in the way.

LUNAR DAY

Moon in ♌ Leo · Day 29 / 30 · Waning Crescent

The social atmosphere becomes more expressive these days, with people more willing to share opinions and put themselves forward. The need to feel appreciated surfaces in small ways — a slower response to criticism, a stronger preference for being noticed.
