KEY TRANSIT FACTORS

♂ Mars ☍ Opposition ♆ natal Neptune ★

Over the coming weeks you'll find your usual ability to read situations slipping away, leaving you **second-guessing your instincts** and making poor calls you'd normally avoid. Your frustration will build because you're acting on incomplete information while *Mars* pushes you to move faster than is wise. The mismatch between what you think is happening and what's actually true creates real practical problems in work and relationships until this transit passes.

♂ Mars ☌ Conjunction ♀ natal Venus ★

While this lasts, you feel a **stronger pull toward people and activities that excite you** — you're more direct about what you want and less willing to wait around. Your physical attraction to others sharpens, and you're quicker to pursue relationships or make moves in your social life. Over the coming weeks, watch whether this directness helps you connect or whether you're pushing too hard before you know what you actually want.

☿ Mercury ☌ Quincunx ☾ natal Moon ★

Right now your thoughts and your feelings are working at cross purposes, so you say one thing while sensing something different underneath. You might find yourself explaining yourself repeatedly to people because your words do not quite match what you actually feel, creating **awkward misunderstandings in conversations**. Over the coming weeks, paying attention to this gap between what you think and what you feel will help you communicate more clearly.

♄ Saturn ☌ Quincunx ☉ natal Sun ★

Right now you feel **slightly out of sync with your own plans**, as if the effort you put in doesn't quite match what actually happens. *Saturn* is creating friction with your *Sun*, making you notice where you've been overcommitting or underestimating what tasks really take. These days you're more likely to step back and question whether you're spending your time and energy on things that actually matter to you.

☉ Sun ☌ Trine ☾ Moon ★

These days you find it easier to know what you actually want and to ask for it without overthinking. Your emotional reactions line up with your real goals, so you move forward without fighting yourself. This is a good time to make decisions or have conversations because you sound genuine and people respond well to that.

♄ Saturn ☌ Trine ♁ natal Chiron

Right now you are **more willing to sit with your own pain without needing to fix it immediately**, which lets you actually learn from past hurts instead of just moving past them. This practical acceptance means you can talk about difficult experiences with less defensiveness and help others do the same. Over the coming weeks, what once felt raw or tender becomes something you can work with directly.

♂ Mars Rx · ♋ Cancer

Aggression and frustration tend to be expressed passively or indirectly right now rather than directly. Domestic tensions that have been suppressed may surface during this period. Identifying what you actually want from a situation — before reacting — is more useful than it normally is.

☉ Sun qx Quincunx ♂ Mars

At the moment, you feel driven to act but something keeps pulling your attention in a different direction, making it hard to move forward with any single plan. Your usual way of doing things no longer feels quite right, and you have to keep adjusting your approach as you go. This mismatch between what you want to do and what actually works creates a practical friction that requires patience and small corrections rather than big changes.

☉ Sun ∟ Semi sextile ♃ Pluto

These days you have a quiet **ability to notice what really matters** underneath surface conversations and behaviour. Your psychological instincts are sharper than usual, so you pick up on unspoken feelings in others and respond with genuine understanding. This minor aspect between *the Sun* and *Pluto* gives you a practical advantage in conversations where honesty counts.

LUNAR DAY

Moon in ♌ Leo · Day 20 / 30 · Waning Gibbous

The social atmosphere becomes more expressive these days, with people more willing to share opinions and put themselves forward. The need to feel appreciated surfaces in small ways — a slower response to criticism, a stronger preference for being noticed.
