KEY TRANSIT FACTORS

☾ Moon △ Trine ♃ Jupiter ★

Right now you feel more **generous and open to others** than usual, and people pick up on that. You're more likely to say yes to plans, share what you have, and give people the benefit of the doubt. This is a practical time to strengthen relationships because you're not defensive or withdrawn.

♀ Venus qx Quincunx ♃ natal Jupiter

Over the coming weeks, you may find yourself **wanting more from your relationships and social life than feels comfortable to ask for**. You notice a mismatch between what you hope for and what you're actually willing to pursue, leaving you feeling a bit stuck in conversations or plans. This awkward feeling typically passes once you decide what you actually want instead of waiting for the perfect moment.

♀ Venus ♂ Conjunction ♁ natal Lilith

Right now you're more willing to say no to things that don't fit who you are, and people around you notice the shift in your confidence. **You're drawing boundaries without apologizing**, and this feels genuinely good rather than defensive. This period shows you that being direct about your needs doesn't have to damage your relationships.

☿ Mercury ∟ Semi sextile ☾ natal Moon

Your thoughts become more **aligned with what you actually feel** right now, so conversations flow more naturally and people respond well to you. You find it easier to put emotions into words without overthinking, which makes social interactions feel less exhausting. This small shift makes everyday exchanges with friends and family go smoother than usual over the coming weeks.

☿ Mercury qx Quincunx ♃ natal Jupiter

Over the coming weeks, you may notice your thinking and your bigger plans don't quite line up. You have ideas that feel promising but also vague, and when you try to act on them you hit practical snags that weren't obvious at first. **You're prone to overestimating what you can actually pull off**, so slowing down to check the details before you commit will save you frustration.

☉ Sun qx Quincunx ♇ natal Pluto

Right now you feel pulled between wanting to take charge and sensing that things need to happen differently than you planned. You might notice yourself **pushing hard on something, then suddenly backing off** because you realize your approach isn't working. This awkward back-and-forth between your will and what the situation actually requires will ease once you stop fighting it and adjust your tactics instead.

☉ Sun △ Trine ♅ Uranus

Right now you feel comfortable taking risks that normally make you anxious, and **you speak up about ideas you'd usually keep quiet**. Other people seem more receptive to what you have to say, and conversations naturally veer toward what could happen instead of what has always happened. This is a good time to propose changes at work, try something new socially, or make a practical decision you've been putting off.

☾ Moon △ Trine ♂ Mars

Right now you feel like acting on what matters to you instead of overthinking it. **Your emotions and your willingness to do things are working together**, so a project you've been hesitant about suddenly feels doable. These days small tasks get done faster and conversations feel easier because you're not second-guessing yourself.
