KEY TRANSIT FACTORS

☾ Moon * Sextile ☾ natal Moon

Right now you feel **emotionally steady and more comfortable with yourself**, which makes it easier to handle what people ask of you without getting irritated. Your relationships run smoother because you're neither withdrawn nor demanding—you're just present and genuinely listening to what others need. This is a good window to sort out practical things at home or have conversations with family that you've been putting off.

☾ Moon ☽ Opposition ♃ natal Jupiter

Right now you are **overestimating what you can handle**, and your emotions are pushing you to say yes to things you should refuse. Your mood swings between optimism and disappointment as reality fails to match the promises you made to yourself or others. Over the coming weeks, you'll need to watch your impulse to spend money, make big plans, or commit to too many social obligations while your judgment is temporarily unreliable.

♅ Uranus qx Quincunx ☿ natal Mercury

While this lasts, your thinking becomes harder to organize—ideas arrive faster than you can sort them, and your usual way of explaining things stops working the way it normally does. You might find yourself changing your mind mid-conversation or struggling to finish a sentence because a completely different thought cuts in. This isn't permanent confusion, just a temporary mismatch between how your brain wants to work right now and how it usually operates.

♄ Saturn qx Quincunx ♇ natal Pluto

You feel stuck between wanting to control a situation and knowing you cannot, which makes you irritable and restless in ways that are hard to explain to others. **You push harder on things that won't budge**, and this friction shows up most in relationships or projects where someone else has real power. Over the coming weeks, the practical way forward is to accept what you genuinely cannot change and redirect your effort toward the small moves that are actually within your reach.

♂ Mars qx Quincunx ♀ natal Venus

These days you feel **restless in your relationships and attractions**, as if what usually satisfies you no longer fits quite right. Your desires and your actions keep pulling in different directions, so you end up pursuing what you want in awkward or roundabout ways. Over the coming weeks, you may notice you're making social or romantic moves that feel off-timing, or you're frustrated because your energy doesn't match what your heart actually needs.

☉ Sun ∟ Semi sextile ☾ Moon

These days you find it easier to **act on what you actually feel** instead of second-guessing yourself. Your emotional reactions and your practical choices line up more naturally, so you waste less energy fighting your own instincts. This makes conversations smoother and decisions quicker because you're not pulling yourself in opposite directions.

☉ Sun * Sextile ♃ Jupiter

These days you feel more **willing to take reasonable risks** and try things you've been putting off. People around you seem more generous with their time and help, making it easier to move forward on practical goals. This period brings a straightforward boost to your confidence without the pressure to overcommit or perform.

☉ Sun Δ Trine ♆ Neptune

These days you feel **more comfortable being yourself around others** without needing to explain or defend who you are. People respond better to you right now because you're relaxed enough to listen to what they actually need instead of pushing your own agenda. This period favors creative work, gentle conversations, and situations where you can help someone without it costing you anything.
