## KEY TRANSIT FACTORS

### ♇ Pluto qx Quincunx ♀ natal Venus

You feel oddly disconnected from what normally makes you happy, as though your usual pleasures have lost their appeal. Your social or romantic relationships may feel slightly off, making you wonder what has changed when nothing obvious has shifted. Over the coming weeks, you might notice yourself pulling back from people or activities you usually enjoy, until this uncomfortable mismatch eventually settles.

### ☉ Sun ☌ Opposition ♁ natal Chiron

Right now you are more aware than usual of where you feel inadequate or broken, and this awareness can make you defensive or irritable with people close to you. You might **push others away just when you need support most**, or pick fights over small things that actually reflect your own self-doubt. This period asks you to notice this pattern without acting on it, but the discomfort will likely stick around for a few weeks while *the Sun* opposes your *Chiron*.

### ♇ Pluto qx Quincunx ♂ natal Mars

Your usual way of handling conflict or pushing toward goals feels slightly off these days, as if your normal tactics are meeting unexpected resistance. You might notice yourself **second-guessing your approach** to situations where you'd normally act with confidence, or finding that direct methods don't produce the results you expect. Over the coming weeks, the practical adjustment you need is to slow down and observe what actually works rather than forcing your preferred solution.

### ♅ Uranus qx Quincunx ♊ natal NNode

Right now you are noticing that your usual routines and comfort zones feel slightly off, and you keep getting small urges to try something different even though you are not sure why. You might find yourself questioning choices that normally feel safe to you, or feeling restless in social groups and communities where you usually fit in well. Over the coming weeks, this friction between what feels familiar and what feels new will push you to make small practical adjustments rather than big changes.

### ♃ Jupiter ☌ Conjunction ♁ natal Chiron

Over the coming weeks, you're likely to feel more **willing to talk about past hurts that usually stay private**. People around you may notice you're more open and less defensive when difficult topics come up. This period can actually help you move through some old emotional blocks because you're not fighting against them as hard as usual.

### ☿ Mercury Rx · ♈ Aries

Communication gets impulsive and then regretted during this period. You may speak before thinking, send messages in haste, or make decisions based on incomplete information. Revisiting plans rather than rushing forward is more productive than it feels right now.

### ♃ Jupiter Rx · ♎ Libra

The growth of partnerships and social connections pauses for internal review during this period. Beliefs about fairness, collaboration, and what constitutes a good agreement are being quietly re-examined. Clarifying what you genuinely want from close relationships matters more right now than what seems reasonable on the surface.

### ☉ Sun \* Sextile ☾ Moon

These days you find it easier to know what you actually want and then act on it without second-guessing yourself. Your **practical needs and your emotional needs are pointing in the same direction**, so decisions feel less confusing. This alignment between the *Sun* and *Moon* means you can move forward with both confidence and peace of mind.

### ☉ Sun ☿ Conjunction ♀ Venus

These days you find it easier to ask for what you want and to say yes to invitations without overthinking. People around you respond well because you come across as **genuinely interested in them** rather than worried about how you look. This is a good window for making a request, starting a conversation you have been putting off, or simply enjoying company without the usual self-doubt getting in the way.

### ☉ Sun \* Sextile ♂ Mars

Right now you find it easier to **take action on things you actually want** instead of sitting with them in your head. Your motivation and your confidence are aligned, so when you decide to do something, your body follows without the usual resistance. This is a practical window for starting projects, having difficult conversations, or pushing through work that needs momentum.

## LUNAR DAY

Moon in ♒ Aquarius · Day 25 / 30 · Last Quarter

**Emotional detachment increases** these days, making abstract discussions and group concerns feel more engaging than personal ones. People respond better to logic than to feeling right now, and the need for independence runs noticeably higher.
