KEY TRANSIT FACTORS

☉ Sun △ Trine ♃ natal Jupiter ★

Right now you find it easier to take reasonable risks and see possibilities instead of obstacles in your practical situations. You feel more confident in social settings and people respond well to your **natural optimism**, which makes conversations flow and opportunities show up. This period is ideal for pitching ideas, asking for what you want, or starting something new because your timing feels right and your judgment is solid.

♂ Mars ♂ Conjunction ♀ natal Venus ★

While this lasts, you feel a **stronger pull toward people and activities that excite you** — you're more direct about what you want and less willing to wait around. Your physical attraction to others sharpens, and you're quicker to pursue relationships or make moves in your social life. Over the coming weeks, watch whether this directness helps you connect or whether you're pushing too hard before you know what you actually want.

♂ Mars ♂ Opposition ♆ natal Neptune ★

Over the coming weeks you'll find your usual ability to read situations slipping away, leaving you **second-guessing your instincts** and making poor calls you'd normally avoid. Your frustration will build because you're acting on incomplete information while *Mars* pushes you to move faster than is wise. The mismatch between what you think is happening and what's actually true creates real practical problems in work and relationships until this transit passes.

☾ Moon △ Trine ☉ natal Sun ★

You feel **naturally confident about who you are** right now, which makes it easier to be yourself around others without second-guessing. People respond better to you because you're not defensive or apologetic, and that openness tends to smooth over small conflicts before they start. This emotional ease won't last forever, so use these weeks to handle conversations or decisions you've been putting off—your calm clarity makes real progress possible.

♀ Venus □ Square ♂ natal Mars

Over the coming weeks, you're likely to feel **restless and impatient in your relationships**, wanting more excitement or attention than your partner is willing to give right now. Your desire for closeness keeps bumping up against your need to do things your own way, which can create awkward moments or small arguments that feel out of proportion. These clashes are temporary, but they'll show you where you and the people close to you actually want different things.

♄ Saturn Rx · ♍ Virgo

The systems and routines you rely on for health, work, and daily functioning are being tested for their genuine usefulness right now. Habits maintained out of routine rather than benefit deserve honest evaluation. Small corrections made now to health or work practices tend to produce more durable improvement than sweeping changes.

☉ Sun △ Trine ♄ Saturn

These days you find it easier to follow through on what you say you will do, and people notice your **reliability**. Work feels less overwhelming because you can break tasks into realistic steps instead of getting stuck in your own way. The practical support is there if you use it — the *Sun* trine *Saturn* makes real effort pay off in real results.

☿ Mercury □ Square ♁ Chiron

Right now you notice that *Mercury* is pushing against *Chiron*, and this makes **old insecurities about your intelligence or communication skills surface**. You might second-guess what you say before you say it, or replay conversations looking for what you got wrong. These days conversations that should be straightforward can feel loaded with past disappointment, and you find it hard to express yourself without that background noise of self-doubt getting in the way.

♀ Venus ☐ Square ♂ Mars

Right now *Venus* and *Mars* are in conflict, and you'll notice people becoming **irritable about their relationships and desires**. You might want something badly but feel frustrated that you can't have it, or clash with someone over what you both actually want from each other. This friction lasts a few days and usually pushes conversations that needed to happen anyway—but expect them to feel sharp and uncomfortable while they do.
