KEY TRANSIT FACTORS

☿ Mercury △ Trine ♅ natal Uranus ★

Your mind is working faster than usual right now, and you're making unexpected connections between ideas that seemed unrelated before. You find yourself **thinking in new directions** and willing to try approaches that normally wouldn't occur to you. Over the coming weeks, this mental clarity can help you solve practical problems or come up with fresh solutions at work or in your personal projects.

♂ Mars ☾ Opposition ♆ natal Neptune ★

Over the coming weeks you'll find your usual ability to read situations slipping away, leaving you **second-guessing your instincts** and making poor calls you'd normally avoid. Your frustration will build because you're acting on incomplete information while *Mars* pushes you to move faster than is wise. The mismatch between what you think is happening and what's actually true creates real practical problems in work and relationships until this transit passes.

♂ Mars ☿ Conjunction ♀ natal Venus ★

While this lasts, you feel a **stronger pull toward people and activities that excite you** — you're more direct about what you want and less willing to wait around. Your physical attraction to others sharpens, and you're quicker to pursue relationships or make moves in your social life. Over the coming weeks, watch whether this directness helps you connect or whether you're pushing too hard before you know what you actually want.

☾ Moon ♁ Quincunx ☿ natal Mercury ★

Over the coming weeks, you find it hard to say exactly what you mean even though you know what you're thinking. Your words come out **awkward or incomplete**, and people sometimes misunderstand you or ask you to repeat yourself. This mismatch between what's in your head and what comes out of your mouth will pass, but right now it's worth slowing down and checking that others actually understand you before moving on.

☉ Sun ♁ Quincunx ♁ natal Chiron

You are noticing where you usually feel competent but currently feel oddly off-balance or uncertain about how to proceed. This mismatch between what you know works and what feels right at the moment creates a **restless awareness** that something needs adjusting. Over the coming weeks you may find yourself reworking an approach or skill that has always been reliable, not because it is broken but because you sense it no longer fits who you are becoming.

☾ Moon ∟ Semi sextile ☿ Mercury

These days your thoughts and feelings are **naturally aligned**, so what you say matches what you actually feel inside. You find it easier to explain what is bothering you or what you need without getting confused or defensive. This makes conversations smoother because people understand you the first time instead of having to guess what you mean.

☾ Moon ☿ Conjunction ♀ Venus

These days you feel more **comfortable showing affection** to the people around you, and they respond by being warmer in return. Your *Moon* and *Venus* are aligned right now, which makes it easier to express what you actually care about instead of holding back. This is a good window for having honest conversations with someone you're close to, or simply spending time with people who matter to you without the usual self-consciousness.

☾ Moon □ Square ♂ Mars

These days you're more likely to act on frustration before you think it through, and small annoyances can feel urgent and demanding. **Your emotional reactions move faster than your good judgment**, so conversations with others can turn sharp or heated quickly. This period pushes you to notice the gap between what you feel and what actually needs to happen right now.

LUNAR DAY

Moon in ♉ Taurus · Day 29 / 30 · Waning Crescent

The pace slows considerably during this transit as comfort and familiar surroundings take priority over efficiency. Resistance to change hardens, and any disruption to routine tends to provoke stubborn pushback.

CLOTHING & JEWELRY

Sunday · ☉ Sun · Venus in Cancer

Sunday is the Sun's day — gold, warm orange, or amber tones radiate confidence and vitality. Sunstone or citrine worn visibly invites creativity and positive attention.
