## KEY TRANSIT FACTORS

### ☾ Moon □ Square ♅ natal Uranus

Right now you feel restless and irritable in ways that don't match your usual mood, making you **snap at people over small things** and struggle to sit still. Your need for sudden change clashes with what you actually need emotionally, so you might suddenly want to quit something or push away someone close to you without being clear why. These feelings will pass in a few days, but while they last you'll need to notice the impulse to act on them rather than act immediately.

### ☿ Mercury □ Square ♁ natal NNode

Right now you are **second-guessing decisions** that normally feel clear to you, and this confusion is making it hard to move forward. Your mind is pulling you toward safe, familiar ways of thinking instead of the newer directions you have been trying to explore. Over the coming weeks, you will need to push past this mental resistance or risk sliding back into old patterns that no longer serve you.

### ☿ Mercury △ Trine ☉ natal Sun

Your thinking is **clearer and more direct** right now, and people respond better when you explain yourself. You find it easier to say what you actually mean instead of second-guessing your words, which makes conversations feel less exhausting. Over the coming weeks, this mental clarity also helps you solve practical problems faster and notice details you usually miss.

### ♆ Neptune qx Quincunx ♀ natal Venus

Over the coming weeks, you may feel **unsure about what you actually want in your relationships**, making it hard to know if you're genuinely attracted to someone or just imagining the connection. Your romantic or social preferences seem to shift without warning, leaving you confused about your own taste and boundaries. This fog usually lifts once *Neptune* moves on, so avoid making big commitment decisions while this lasts.

### ♆ Neptune qx Quincunx ♂ natal Mars

Over the coming weeks, you may find your usual drive and confidence feel slightly out of sync with what's actually happening around you. Your instinct to act or push forward keeps bumping up against situations that need a softer touch or more patience than you'd normally give them. **You're more likely to second-guess your own strength**, which can work either way—sometimes holding back saves you trouble, and sometimes it just creates frustration with yourself.

### ☿ Mercury Rx · ♑ Capricorn

Professional communications and career-related decisions are prone to misalignment right now. Contracts, applications, or plans that seemed finalized may need revisiting before they are acted on. The careful checking you do now prevents public errors later.

### ♂ Mars Rx · ♌ Leo

The desire for recognition and creative output is present but blocked or redirected during this period. Ambitions that felt exciting may feel suddenly hollow, or effortful performance yields less response than expected. Reassessing your goals is more honest and productive now than seeking visible results.

### ☉ Sun ♂ Conjunction ♀ Venus

These days you find it easier to ask for what you want and to say yes to invitations without overthinking. People around you respond well because you come across as **genuinely interested in them** rather than worried about how you look. This is a good window for making a request, starting a conversation you have been putting off, or simply enjoying company without the usual self-doubt getting in the way.

### ☉ Sun ☿ Quincunx ♂ Mars

At the moment, you feel driven to act but something keeps pulling your attention in a different direction, making it hard to move forward with any single plan. Your usual way of doing things no longer feels quite right, and you have to keep adjusting your approach as you go. This mismatch between what you want to do and what actually works creates a practical friction that requires patience and small corrections rather than big changes.

### ☉ Sun ♂ Conjunction ♃ NNode

Right now you feel drawn toward activities and people that match who you actually are rather than who you think you should be. This creates a practical opportunity to make small choices that align better with your real interests and strengths. These days many people find themselves being more direct about what they want, which can clear the air in relationships and work situations.

Moon in ♏ Scorpio · Day 24 / 30 · Last Quarter

**Psychological intensity rises** for the next 48 hours, and surface-level talk becomes noticeably less satisfying. People read into what others leave unsaid more than usual, and private matters feel more pressing.
