KEY TRANSIT FACTORS

☾ Moon △ Trine ☉ natal Sun ★

You feel **naturally confident about who you are** right now, which makes it easier to be yourself around others without second-guessing. People respond better to you because you're not defensive or apologetic, and that openness tends to smooth over small conflicts before they start. This emotional ease won't last forever, so use these weeks to handle conversations or decisions you've been putting off—your calm clarity makes real progress possible.

♅ Uranus □ Square ♀ natal Venus

You feel restless in your relationships and uncomfortable with routines that used to feel safe. Your usual way of connecting with others — whether through affection, commitment, or predictable gestures — suddenly feels **restrictive and inauthentic**. Over the coming weeks, you may push back against people who want things to stay the same, or you might suddenly distance yourself from relationships that feel too settled.

♁ Chiron △ Trine ♀ natal Venus

You find it easier to talk about what you actually need from the people close to you without feeling guilty or defensive. Your **honesty about your own worth** comes across as calm instead of demanding, so others listen and respond well. Over the coming weeks, this directness helps you build relationships that feel more real because they're based on what you actually want, not what you think you should want.

♃ Jupiter ∟ Semi sextile ♁ natal Chiron

While this lasts, you feel more **willing to ask for help** with something that has bothered you for a while. *Jupiter* is gently opening a door that *Chiron* has kept closed, and you notice you're less defensive about admitting what hurts. Over the coming weeks, this small shift in attitude can lead to real conversations or actions that actually move you forward.

☿ Mercury * Sextile ♁ natal Chiron

Right now you find it easier to talk about things that normally feel difficult or tender for you. Your words come out clearer and more honest without feeling as risky, and people tend to listen more carefully. This is a good window to **have the conversations you've been putting off** — about past hurts, what you need, or how you've grown from hard experiences.

☿ Mercury Rx · ♏ Sagittarius

Plans for travel, education, or big-picture goals hit unexpected snags right now. Opinions expressed with too much confidence may need to be walked back, and long-distance communications often get garbled. This is a better period for reviewing beliefs than for broadcasting them.

☉ Sun ♂ Conjunction ♀ Venus

These days you find it easier to ask for what you want and to say yes to invitations without overthinking. People around you respond well because you come across as **genuinely interested in them** rather than worried about how you look. This is a good window for making a request, starting a conversation you have been putting off, or simply enjoying company without the usual self-doubt getting in the way.

☉ Sun ♂ Conjunction ♄ Saturn

Right now you are more aware of your own limits and what you actually need to do versus what you want to do. You become **more serious about your responsibilities** and less interested in shortcuts or excuses. This is a practical time to make concrete progress on something that matters, even if it feels slow or requires discipline.

☉ Sun △ Trine ☽ Uranus

Right now you feel comfortable taking risks that normally make you anxious, and **you speak up about ideas you'd usually keep quiet**. Other people seem more receptive to what you have to say, and conversations naturally veer toward what could happen instead of what has always happened. This is a good time to propose changes at work, try something new socially, or make a practical decision you've been putting off.
