KEY TRANSIT FACTORS

☉ Sun △ Trine ♃ Jupiter ★

Right now you feel **more confident about your abilities** and you're likely to take on tasks you've been putting off. People around you notice your optimism and it spreads, making conversations easier and collaborations feel lighter. This is a practical window where your effort tends to produce visible results, so taking action on something you care about usually pays off.

♁ Lilith ♂ Conjunction ♂ natal Mars

Right now you're more willing to act on what you actually want instead of what you think you should do, and this shows up as **pushing back against rules or expectations that don't fit you**. You might say no more often, stand your ground in conversations, or make choices that feel personally true even if they upset someone else. These days this directness can feel good and necessary, though others may find you harder to manage than usual.

☉ Sun * Sextile ♃ natal Mercury

Your thinking feels clearer right now, and you find it easier to explain what you actually mean to people around you. Conversations flow naturally without the usual awkwardness, so this is a good time to tackle practical discussions or present ideas at work. This **mental clarity and confidence** won't last forever, so use these weeks to sort through decisions you have been putting off.

☾ Moon ♃ Quincunx ♀ natal Venus

Right now your emotional needs and what you want from relationships are pulling in different directions, and you feel the mismatch. You might feel **restless in social situations** or notice you're not getting satisfaction from the usual things that comfort you. Over the coming weeks, this awkwardness will fade, but for now it's worth noticing what feels off instead of forcing connection.

♁ Lilith ♂ Conjunction ♀ natal Venus

Right now you are more willing to say no to people and situations that do not feel right to you, even if you normally worry about disappointing others. You may notice yourself **rejecting compliments or attention** that feels shallow or that comes with strings attached. These days *Lilith* at your *Venus* is making you pickier about who deserves your time and affection.

☾ Moon ♃ Quincunx ♂ natal Mars

Right now your emotional needs and your desire to act are out of step with each other. You might feel frustrated because you want to do something but your mood keeps pulling you in a different direction, or you start projects when you are not actually ready for them. This **awkward mismatch between feeling and doing** tends to fade over the coming weeks, but while it lasts you will work better if you check in with yourself before pushing forward.

♂ Mars Rx · ♀ Gemini

Energy scatters across too many directions right now, making sustained effort on a single goal unusually difficult. Arguments or miscommunications can flare up without clear cause, and the frustration of divided attention builds quickly. Choose one or two priorities and protect them from the rest during this period.

› Moon ☾ Opposition ♂ Mars

Right now your **irritability is running high** and small annoyances feel like major problems. People around you seem to trigger you faster than usual, and you may snap at them or pick fights without meaning to. These days the gap between what you feel and what you're actually able to do creates real frustration, so patience is thin on the ground for everyone.

› Moon ☐ Square ♃ Jupiter

Your emotions feel bigger than they actually are right now, and you are **overreacting to small disappointments** as if they matter more than they do. *Jupiter* amplifies whatever *Moon* is feeling, so today you might eat too much when you are mildly sad, or spend money you did not plan to spend because you want to feel better. The gap between what you want and what is realistic becomes harder to ignore, and sitting with that gap without doing something about it takes real effort.
