KEY DATE

♂ Mars enters ♊ Gemini

Mars in *Gemini* shifts your energy toward **talking things through** and **sorting problems quickly** instead of pushing hard on one goal—you'll notice yourself wanting to handle multiple tasks at once and argue your point rather than bulldoze it. At work and in conversations, people tend to get **more direct with words**, debate more often, and jump between projects faster, which can feel productive one moment and scattered the next. In relationships, this transit often brings **sharper communication** and quicker disagreements, since everyone's thinking faster and speaking up more—the upside is less bottled-up frustration, though patience can wear thin.

KEY TRANSIT FACTORS

♁ NNode ☌ Opposition ♂ natal Mars

Right now you're running into friction between what you want to do and what other people need from you. Your usual directness and confidence come across as selfish or aggressive to those around you, even when you don't intend it that way. **You feel pulled in opposite directions** — your instinct is to act fast and claim what you want, but circumstances keep forcing you to slow down and consider other people's interests instead.

☾ Moon ☐ Square ☿ natal Mercury

Right now your emotions are making it harder to think clearly or communicate what you actually mean. You say things you didn't plan to say, or you misread what others are trying to tell you because you're **reacting from feeling rather than listening**. These next few days or weeks will test your patience with conversations and small decisions until this mood passes.

♀ Venus ∟ Semi sextile ☾ natal Moon

These days you find it easier to **accept comfort from people around you** without overthinking it or pulling away. Your emotional guard drops just enough that you can actually enjoy a conversation, a meal shared, or someone's company without feeling like you need to earn it. This small shift makes your relationships feel less like work and more like something that naturally fills you up.

♂ Mars ☌ Opposition ♄ natal Pluto

You feel an unusual **drive to challenge authority or push back against rules** that normally you accept without question. Your frustration builds quickly when you sense someone trying to control you, and you may act on that irritation before thinking through the consequences. These days, your willingness to start confrontations can damage relationships or create practical problems at work that take months to repair.

♁ NNode ☌ Conjunction ♆ natal Neptune

These days you feel pulled toward people and situations that seem meaningful but are hard to pin down. You may find yourself **blending your own needs into other people's visions** without noticing it happening. While this lasts, pay attention to whether you are actually helping or just absorbing someone else's confusion as your own.

☿ Mercury Rx · ♊ Gemini

Information overload and communication mix-ups are more likely right now than at other times. You may find yourself re-reading, misunderstanding, or having to repeat conversations that should have been straightforward. Slow down with written communications in particular — errors sneak through when you feel most certain.

♀ Venus Rx · ♊ Gemini

Social connections from the past resurface and existing relationships require more honest communication than usual. Flirtation and surface-level charm lose their usual effect during this period. What you actually want from relationships — rather than what seems appealing — becomes clearer if you pay attention.

☉ Sun ☐ Square ♃ Jupiter

Right now you're likely **overestimating what you can handle** and taking on more than makes practical sense. *Sun* square *Jupiter* pushes you to act bigger and bolder than your actual circumstances support, which sets you up for overcommitment and disappointment. The friction here teaches you where your real limits are, but only after you've already stretched too far.

☾ Moon ☐ Quincunx ♀ Venus

Right now your emotional needs and what you want socially are slightly out of sync, so you might feel pulled in two directions. You could notice yourself wanting comfort and closeness at times when you'd rather stay independent, or the opposite. This **mismatch between feeling and wanting** is temporary, and noticing it is the first step to working with it instead of against it.

☾ Moon ☐ Quincunx ♂ Mars

These days you might feel **restless without knowing why**, like your emotions want something your body isn't ready to deliver. Small tasks feel either pointless or urgent depending on your mood, and you could snap at someone over something that wouldn't normally bother you. The mismatch between what you feel like doing and what actually needs doing right now creates a practical friction that's hard to sit with.

LUNAR DAY

Moon in ♑ Capricorn · Day 17 / 30 · Full Moon

Focus narrows toward responsibilities and unfinished obligations during this transit, with less tolerance for distraction or small talk. The emotional tone becomes more reserved and measured for the next 48 hours.
