KEY TRANSIT FACTORS

☾ Moon * Sextile ♂ natal Mars

Right now you feel **more willing to act on what you want** instead of sitting with frustration. Your emotional state and your drive are actually pointing in the same direction, so small tasks feel less like pushing a boulder uphill. Over the coming weeks, you'll likely notice you're quicker to start conversations, make decisions, or tackle projects that have been sitting around.

☾ Moon △ Trine ♃ natal Neptune

Your **imagination feels more accessible right now**, and creative ideas come to you more easily than usual. You're also more **attuned to what people around you need emotionally**, picking up on moods and unspoken feelings without effort. These days your intuition works in your favour, especially when you're making decisions or trying to understand a difficult situation.

♁ Chiron ∟ Semi sextile ♄ natal Saturn

Over the coming weeks, you find it easier to **accept your own limitations without harsh judgment** — what you could not do before feels less like failure and more like simple fact. This practical shift means you stop wasting energy fighting against real constraints and start working within them more skillfully. Your relationships benefit because you become less defensive about your weaknesses and more honest about what you actually need from others.

♄ Saturn ♂ Conjunction ☾ natal Moon

You're feeling more **serious and withdrawn** right now, and your usual emotional needs feel heavier than normal. You might notice you're less interested in socializing or seeking reassurance, and instead you want to handle things alone and think things through carefully. This period pushes you to look at your emotional life more honestly, even if it feels uncomfortable or makes you seem quieter than usual.

☾ Moon * Sextile ♀ natal Venus

While this lasts, you find it easier to express affection and say what you actually appreciate about people in your life. Your **warmth comes across naturally**, and others respond well to you without you having to try hard. These days are good ones to reach out to someone you care about or do something kind that you have been putting off.

♄ Saturn Rx · ♉ Taurus

Long-term financial structures, material commitments, and patterns of security are under review during this period. What you have been relying on for stability may require more active maintenance than you had assumed. Honest reckoning with resources and long-term obligations is the most useful work you can do right now.

☉ Sun * Sextile ☾ Moon

These days you find it easier to know what you actually want and then act on it without second-guessing yourself. Your **practical needs and your emotional needs are pointing in the same direction**, so decisions feel less confusing. This alignment between the *Sun* and *Moon* means you can move forward with both confidence and peace of mind.

☉ Sun ♂ Conjunction ♿ Mercury

These days your mind feels clearer and you're more likely to speak up about what you actually think. **You say things more directly** and people tend to listen because you sound confident. This is a practical time to have conversations you've been putting off or to explain yourself without second-guessing every word.

☉ Sun ∟ Semi sextile ♀ Venus

Right now you find it easier to notice what you like about people around you, and that makes your social interactions feel smoother. You're more likely to **compliment someone without overthinking it** or suggest doing something enjoyable together. This isn't a dramatic shift, but these days small acts of kindness and warmth come more naturally to you.

LUNAR DAY

Moon in ♍ Virgo · Day 25 / 30 · Last Quarter

Attention sharpens on what is not working right now — small errors and inefficiencies become harder to ignore than usual. **The tendency to organize, correct, and refine** runs stronger for the next day or two, sometimes at the cost of the bigger picture.
