KEY TRANSIT FACTORS

♆ Neptune ♂ Opposition ♁ natal Chiron

Right now you are **avoiding looking at your own vulnerabilities** by escaping into fantasy or wishful thinking about how others see you. This makes it harder to get real feedback or help with the areas where you actually struggle. Over the coming weeks, you may find that people let you down or that your own self-image cracks when reality catches up.

♁ Lilith ♂ Conjunction ♂ natal Mars

Right now you're more willing to act on what you actually want instead of what you think you should do, and this shows up as **pushing back against rules or expectations that don't fit you**. You might say no more often, stand your ground in conversations, or make choices that feel personally true even if they upset someone else. These days this directness can feel good and necessary, though others may find you harder to manage than usual.

♂ Mars ∟ Semi sextile ♆ natal Neptune

Right now you're finding it easier to act on your creative ideas instead of just thinking about them. You have a practical instinct for knowing which intuitions are worth pursuing and which ones to set aside. This **grounded creativity** means you can turn daydreams into actual projects over these coming weeks.

♀ Venus ⋈ Quincunx ♆ natal Neptune

Over the coming weeks, you may notice your romantic or social preferences shifting in ways that feel unclear to you. You might find yourself **attracted to people or situations that don't quite fit what you normally want**, leaving you uncertain about what you actually value right now. This confusion usually settles once the transit passes, so it helps to observe your attractions without making major relationship decisions while this lasts.

♂ Mars ⋈ Quincunx ♂ natal Mars

Right now you're noticing that your usual way of getting things done feels slightly off, like you're taking an extra step to reach the same result. You might find yourself **adjusting your approach mid-action** — starting a task one way, then switching tactics because something doesn't quite fit. Over the coming weeks, this awkward rhythm will fade, but while it lasts you'll do better by checking in with yourself before committing fully to any plan.

☉ Sun ♂ Opposition ♆ Neptune

Right now you are **more likely to feel confused about what you actually want** because the gap between your real goals and your wishful thinking is wider than usual. You might make promises you cannot keep or agree to things without checking the practical details first. The emotional fog makes it harder to trust your own judgment, so this is a good time to ask someone else before you commit to anything important.

☉ Sun △ Trine ♇ Pluto

These days you find it easier to **face difficult truths about yourself without falling apart**. You can look at your mistakes and weaknesses directly, then decide what to actually change instead of avoiding the problem. This psychological clarity helps you make real improvements in how you work, relate to others, or handle money.

☾ Moon □ Square ♀ Venus

Right now your **emotional needs feel at odds with what you actually want** — you might crave closeness but feel irritable when someone gets near, or want to be alone but then feel rejected. This mismatch between *Moon* and *Venus* makes it harder to communicate what you need without sounding demanding or cold. Over the coming weeks, pay attention to these moments so you can spot the pattern and name it out loud before resentment builds up.

LUNAR DAY

Moon in ♉ Taurus · Day 19 / 30 · Waning Gibbous

The pace slows considerably during this transit as comfort and familiar surroundings take priority over efficiency. Resistance to change hardens, and any disruption to routine tends to provoke stubborn pushback.
