KEY TRANSIT FACTORS

♃ Jupiter △ Trine ☾ natal Moon · peak 31 Jan ★

Right now you find it easier to feel **emotionally settled and optimistic** about your life, even when things aren't perfect. People around you respond to this shift, and you attract more genuine support and kindness without having to ask for it. Over the coming weeks, you're likely to make decisions about your home, family, or personal comfort that actually work out well because you're listening to what you truly need instead of what you think you should want.

☉ Sun △ Trine ☾ natal Moon · peak 1 Jan ★

Right now you find it easier to **trust your gut feelings** and act on them without second-guessing yourself. Your emotional needs and practical decisions are lining up well, so you feel more settled and confident in what you want. Over the coming weeks, people around you will likely notice you seem calmer and more genuine than usual.

♊ NNode △ Trine ♄ natal Chiron · peak 1 Jan

Right now you find it easier to talk about your past mistakes and disappointments without getting stuck in shame or defensiveness. People around you respond better when you speak honestly about what you've learned from difficult experiences, and you **naturally become more comfortable sharing your story**. Over the coming weeks, this openness creates real connections with others who have been through similar struggles.

♃ Jupiter ∟ Semi sextile ♅ natal Uranus · peak 25 Jan

Over the coming weeks, you feel **more willing to try new approaches** without abandoning what already works for you. Small opportunities for practical change show up in your routines, and you have the confidence to test them out. This is a good time to experiment with a new habit or way of doing something because the risk feels manageable and the potential payoff feels real.

♄ Saturn ∟ Semi sextile ♄ natal Chiron · peak 8 Jan

While this lasts, you're able to **turn your old wounds into practical wisdom** without getting stuck in the emotional weight of them. You notice yourself giving better advice to people who are struggling because you can draw on your own difficult experiences without reliving the pain. This period helps you build something solid and useful from what you've learned the hard way.

♆ Neptune ∟ Semi sextile ♇ natal Pluto · peak 31 Jan

These days you find it easier to **let go of control** in situations where you've been holding tight for too long. Small shifts in your practical routines or relationships feel natural rather than forced, as if you're finally allowing things to move at their own pace. Over the coming weeks, this lighter approach helps you see what actually needs to change and what you can safely release.

♃ Jupiter ♌ Semi sextile ♇ natal Pluto · peak 21 Jan

While this lasts, you find yourself **willing to take small risks that push you past old limits**. You feel a quiet confidence in your ability to handle situations that normally feel too big or demanding, and you naturally start saying yes to opportunities you would have avoided before. Over the coming weeks, this steady courage tends to open doors that lead to real personal or professional growth.

♇ Pluto ☐ Square ♅ natal Uranus · peak 1 Jan

Right now you feel a strong urge to break free from something in your life, but the harder you push for change the more resistance you meet. You become **impatient with rules and frustrated by limits**, which can make you act rashly or damage relationships you actually want to keep. Over the coming weeks, focus on understanding what you really want to change before you make moves you cannot easily take back.

♃ Jupiter ♌ Semi sextile ♆ natal Neptune · peak 1 Jan

Over the coming weeks, you'll find it easier to **notice small details others miss** and pick up on what people really mean when they talk. Your intuition is quieter than usual but more reliable, so you can trust those gut feelings about situations or other people. This is a good time to act on creative ideas or make sense of something confusing because your mind is unusually clear right now.

♃ Jupiter ☐ Square ♿ natal Mercury · peak 31 Jan

Your mind is working faster than your mouth right now, and people find you hard to follow. You jump between ideas, interrupt conversations, and make promises you cannot keep because you are overestimating what you can handle. The gap between what you think you can do and what is actually realistic will create real problems at work or in your relationships over the coming weeks.

♆ Neptune ♌ Semi sextile ♅ natal Uranus · peak 31 Jan

Your **imagination becomes practical** during this period, and ideas that normally stay stuck in your head suddenly feel doable. You find yourself sketching out plans for changes you want to make, whether that's rearranging your space or trying something new at work. This is a good window to turn those creative thoughts into actual steps forward, because right now your daydreams have real traction.

♃ Jupiter ☿ Quincunx ♂ natal Mars · peak 1 Jan

Over the coming weeks, you may notice your usual drive and confidence don't quite match up with what's actually possible right now, leaving you **frustrated when plans don't move as fast as you want them to**. *Jupiter* is expanding your ambitions while *Mars* pushes for quick action, but the two are pulling in slightly different directions. You might waste energy on projects that start with excitement but need to be adjusted or abandoned halfway through.

♇ Pluto ♌ Semi sextile ♿ natal Mercury · peak 31 Jan

Your thinking becomes **sharper and more direct** while this transit is active, and you find yourself cutting through confusion to get to what actually matters. People respond well to your communication right now because you speak with real conviction and skip the unnecessary parts. Over the coming weeks, you may notice conversations go deeper than usual and that others take your words seriously.

♇ Pluto ♌ Semi sextile ♇ natal Pluto · peak 1 Jan

Over the coming weeks, you find yourself **making practical changes without the usual resistance** in areas where you normally feel stuck. Small shifts in how you approach difficult tasks or relationships happen naturally, almost without effort on your part. This is a good time to act on improvements you've been thinking about, because the psychological friction that usually holds you back feels noticeably lighter right now.

♅ Uranus ☐ Square ☼ natal Sun · peak 1 Jan

Right now you feel restless with routines and rules that normally keep you stable, and you may act on impulses that surprise people who know you well. **You push back against limits** in ways that feel necessary to you but create real friction in your work or relationships. Over the coming weeks this sense of needing to break free will likely intensify before it settles, so expect some temporary disruption as you figure out what actually needs to change.

♿ Mercury Rx · ♄ Capricorn

Professional communications and career-related decisions are prone to misalignment right now. Contracts, applications, or plans that seemed finalized may need revisiting before they are acted on. The careful checking you do now prevents public errors later.

LUNATIONS

● New Moon · Tuesday, 3 Jan

in ♄ Capricorn

long-term goals, ambition, structural reset

in H12 — Inner Life & Solitude

A new cycle is beginning in the hidden, private areas of your life. This lunation brings **inner work, spiritual renewal, and a clearing of old burdens** to the foreground. What you choose to let go of, process, or release over the coming weeks will free up significant inner resources. Solitude, contemplation, and honest self-examination are more productive than external activity right now. Trust what surfaces from beneath the surface — it's asking to be acknowledged.

○ Full Moon · Wednesday, 18 Jan

in ♋ Cancer

emotional culmination, family matters, inner needs surface

in H6 — Health & Service

A health situation or work matter is coming to a head. Something in your **daily routines, workplace dynamics, or physical wellbeing** can no longer be deferred — it needs attention and resolution. Overwork, health imbalances, or conflicts with colleagues become impossible to ignore under this full moon. This is the moment to address what your body has been signaling, complete a work project, or acknowledge a work dynamic that isn't sustainable.

KEY DATES

Sun, 1 Jan ♀ Venus enters ♐ Sagittarius

♁ NNode △ Trine ♃ natal Chiron

♇ Pluto □ Square ♅ natal Uranus

Venus in *Sagittarius* brings a **looser, more generous** approach to spending and dating, with people tending to say yes to invitations and expensive outings rather than staying home. In relationships and work, this transit makes **honesty and directness** feel more important than keeping the peace, so conversations become blunter and less filtered. Most people notice they **want variety** — sticking with the same restaurant, routine, or person feels boring — and they're more willing to try something unfamiliar or travel to a new place.

Tue, 3 Jan New Moon in Capricorn

Mon, 9 Jan ♁ NNode △ Trine ♃ natal Chiron

♇ Pluto □ Square ♅ natal Uranus

Wed, 11 Jan ☿ Mercury stations Direct

♂ Mars enters ♏ Scorpio

Mercury stationing direct means **conversations and decisions that felt stuck** will start moving again, and you'll notice **clarity returning** to emails, plans, and talks that were confusing before. At work and in daily life, **miscommunications often resolve themselves** once this station passes, and people tend to follow through on things they'd postponed. Over the next few days, **information you've been waiting for** usually arrives, and you'll feel ready to **commit to choices** you'd been sitting on.

Wed, 18 Jan Full Moon in Cancer

Thu, 19 Jan ♆ Neptune enters ♄ Capricorn

Neptune entering *Capricorn* shifts focus from imagination to **practical results**, so people tend to notice they care less about big dreams and more about **what actually works**. At work and in relationships, the pattern is that **vague promises** stop working—others expect clear timelines, solid plans, and measurable progress instead of hopeful talk. Over the next years, you'll see people **cut through confusion** by asking harder questions, backing away from schemes that sound good but lack real structure, and building things that have actual rules and accountability.

Fri, 20 Jan ♃ Jupiter enters ♄ Capricorn

Jupiter in *Capricorn* brings a **practical focus to growth**, and you'll notice people around you caring more about real results than big promises. At work and in money matters, there's a shift toward **building slowly and checking progress** — promotions come through steady effort, not sudden luck, and people stop wasting time on schemes that sound good but don't hold up. In relationships and personal goals, **patience and structure** actually start to feel rewarding instead of boring, so this is when people finally follow through on plans they've been putting off.

Sat, 21 Jan ☼ Sun enters ♒ Aquarius

Sun in *Aquarius* brings a **shift toward independence** and a stronger need to do things your own way instead of following the usual pattern. At work and in conversations, you'll **notice people speak up more** about ideas that feel different or go against what everyone expects. In relationships and friendships, **distance often increases** slightly as people pull back to focus on their own projects and interests rather than staying close to the group.

Thu, 26 Jan ♀ Venus enters ♄ Capricorn

Venus in *Capricorn* makes people **slower to commit** but more serious once they do—you notice yourself caring less about flashy romance and more about whether someone actually shows up. At work and in friendships, this transit brings

direct conversations about what you actually want instead of hinting around, and people generally respect the honesty. Money matters get **practical attention** too, so you're more likely to check your budget, delay impulse buys, and think about long-term value rather than what feels good right now.
