### KEY TRANSIT FACTORS

#### ♃ Jupiter ☌ Quincunx ☉ natal Sun · peak 16 Feb

Over the coming weeks, you feel pulled toward bigger plans or ambitions but find the timing awkward — what looks promising on paper doesn't fit smoothly into your actual life right now. You may **start projects with real enthusiasm only to realize they need reworking** once you see how they actually slot into your schedule or resources. This period asks you to adjust your expectations rather than push forward unchanged, and that kind of practical recalibration takes patience.

#### ♆ Neptune ☌ Quincunx ♀ natal Venus · peak 28 Feb

Over the coming weeks, you may feel **unsure about what you actually want in your relationships**, making it hard to know if you're genuinely attracted to someone or just imagining the connection. Your romantic or social preferences seem to shift without warning, leaving you confused about your own taste and boundaries. This fog usually lifts once *Neptune* moves on, so avoid making big commitment decisions while this lasts.

#### ♁ NNode ☌ Semi sextile ♃ natal Jupiter · peak 28 Feb

Over the coming weeks, you find it easier to say yes to opportunities that genuinely interest you, and **people respond well to your openness**. Small doors open without you having to push hard—a conversation leads to an invitation, or you spot something useful almost by accident. You feel less blocked by your own doubts right now, which means you actually follow through on ideas instead of talking yourself out of them.

#### ♃ Jupiter ☐ Square ☾ natal Moon · peak 5 Feb

Right now you feel **emotionally restless and dissatisfied** with situations that normally comfort you, like time with family or your home routine. You might overcommit yourself or make promises you cannot keep because your judgment about what you can actually handle is off. Over the coming weeks, this mismatch between what you want and what is realistic creates friction in your personal relationships and leaves you feeling bloated rather than nourished.

#### ♃ Jupiter ☌ Semi sextile ♃ natal Jupiter · peak 7 Feb

Over the coming weeks, you'll notice a quiet **boost in your confidence about making decisions** that affect your future. Small opportunities or lucky breaks show up without you having to push hard for them, and you feel more willing to say yes to them. This is *Jupiter* giving your natural optimism a gentle lift, so take advantage of any openings that match what you actually want right now.

#### ♃ Jupiter ☌ Trine ♁ natal NNode · peak 14 Feb

Over the coming weeks, you find it easier to say yes to opportunities that genuinely interest you instead of second-guessing yourself. **You pursue what matters to you with more confidence**, whether that is a new skill, a social group, or a professional direction. These doors open partly because you are actually asking for what you want, and people tend to respond well to that clarity.

### ♁ NNode △ Trine ♁ natal NNode · peak 1 Feb

Right now you find yourself **naturally moving toward people and situations that feel right for you**, without having to force or overthink the decision. You meet someone useful or stumble into an opportunity that aligns with what you actually want to be doing. This period supports you in following your instincts about where to put your effort, and doors tend to open when you do.

### ♇ Pluto □ Square ♃ natal Mercury · peak 28 Feb

Right now you are **second-guessing everything you say**, replaying conversations and worrying you have said too much or the wrong thing. Your mind feels heavy and suspicious, making you reluctant to share your thoughts or ask for what you need. Over the coming weeks, this paranoia about communication can isolate you from the people around you unless you push through the discomfort and speak anyway.

### ♃ Jupiter \* Sextile ♄ natal Saturn · peak 1 Feb

Right now you find it easier to **follow through on commitments** without feeling weighed down by them. *Jupiter* is supporting your *Saturn*, which means you can take on real responsibility and actually enjoy the structure instead of resenting it. Over the coming weeks, you'll notice that planning ahead and sticking to deadlines feels less like a burden and more like something that works in your favor.

### ♆ Neptune ♃ Quincunx ♂ natal Mars · peak 28 Feb

Over the coming weeks, you may find your usual drive and confidence feel slightly out of sync with what's actually happening around you. Your instinct to act or push forward keeps bumping up against situations that need a softer touch or more patience than you'd normally give them. **You're more likely to second-guess your own strength**, which can work either way—sometimes holding back saves you trouble, and sometimes it just creates frustration with yourself.

### ♁ NNode ♃ Quincunx ☉ natal Sun · peak 1 Feb

These days you feel pulled between what you want to do and what feels like the right thing to do, and the two don't quite line up. You might find yourself **saying yes to commitments that don't actually match your real priorities**, then feeling frustrated when you realize what you've agreed to. Over the coming weeks, the practical answer is to slow down before you commit and check in honestly with yourself about what you actually want.

### ♁ NNode □ Square ♄ natal Moon · peak 28 Feb

You are feeling **emotionally pulled in two directions** right now, wanting to stay comfortable while something pushes you toward unfamiliar social or practical territory. Your gut reactions clash with what people around you seem to expect, leaving you irritable and confused about what you actually need. Over the coming weeks, you will have to choose between repeating old emotional patterns or accepting that some relationships and routines no longer fit who you are becoming.

### ♆ Neptune ∟ Semi sextile ♆ natal Neptune · peak 28 Feb

Your **intuition about people feels unusually reliable** right now, and you find yourself noticing things others miss in conversations and social situations. You're picking up on subtle emotional cues without trying, which makes you more naturally attuned to what others actually need rather than what they say they need. This quiet perceptiveness helps you connect with people in a genuine way and gives your relationships a softer, more understanding quality over these coming weeks.

### ♇ Pluto ∟ Semi sextile ♅ natal Uranus · peak 1 Feb

These days you're picking up on small ways you could shake up your routines without upending your whole life, and you're **moving on these ideas gently instead of fighting yourself**. A shift you've been resisting for months suddenly feels possible because you see how to do it step by step rather than all at once. Over the coming weeks, you'll likely surprise yourself with how much you can actually change when you stop waiting for permission.

### ♁ Lilith ♂ Conjunction ♃ natal Jupiter · peak 28 Feb

You feel less interested in following rules right now, and you're more willing to say no to people who usually get their way with you. This can feel like freedom, but it also means you might overcommit to things that sound exciting or skip important practical steps because you're **chasing novelty and pushing boundaries**. Over the coming weeks, watch whether you're making real choices or just rebelling for the sake of it.

### ♄ Saturn Rx · ♍ Virgo

The systems and routines you rely on for health, work, and daily functioning are being tested for their genuine usefulness right now. Habits maintained out of routine rather than benefit deserve honest evaluation. Small corrections made now to health or work practices tend to produce more durable improvement than sweeping changes.

## LUNATIONS

---

○ Full Moon · Monday, 9 Feb

in ♌ Leo

recognition, drama, creative culmination

in H7 — Partnerships

A significant relationship is reaching a turning point. Something between you and a **partner, collaborator, or significant other** is being fully illuminated — what's been working, what hasn't, and what needs to change. This full moon often brings a relationship decision to the surface: a commitment deepening, a conflict coming to a head, or a partnership reaching its natural conclusion. See clearly what's actually in front of you, not what you've hoped it would become.

● New Moon · Wednesday, 25 Feb

in ♋ Pisces

intuitive reset, release, spiritual renewal

in H1 — Self & Identity

A new cycle is opening around your sense of self and how you present to the world. This is the right moment to redefine how you want to be seen and to take deliberate steps toward a fresh start in your personal goals. **Physical changes, new habits, and shifts in your self-image** are all supported now. What you begin under this lunation has a direct impact on your confidence and direction for the next six months.

#### KEY DATES

**Sun, 1 Feb** ☿ Mercury stations Direct

♊ NNode △ Trine ♋ natal NNode

♃ Jupiter \* Sextile ♄ natal Saturn

*Mercury* stationing direct means **conversations and decisions that felt stuck** will start moving again, and you'll notice **clarity returning** to emails, plans, and talks that were confusing before. At work and in daily life, **miscommunications often resolve themselves** once this station passes, and people tend to follow through on things they'd postponed. Over the next few days, **information you've been waiting for** usually arrives, and you'll feel ready to **commit to choices** you'd been sitting on.

**Tue, 3 Feb** ♀ Venus enters ♈ Aries

*Venus* in *Aries* tends to make people more **direct about what they want**, especially in relationships and social situations where they'd normally hold back. You might notice yourself **speaking up sooner** instead of waiting or overthinking, and others responding to that straightforward approach. At work and in friendships, this transit often brings **faster decisions** and less time spent on small talk or people-pleasing.

**Thu, 5 Feb** ♂ Mars enters ♒ Aquarius

♃ Jupiter □ Square ☾ natal Moon

*Mars* in *Aquarius* pushes people to **act on ideas** rather than emotions, so you'll notice a shift toward logical problem-solving and less patience for traditional ways of doing things at work or in groups. In relationships and conversations, this transit brings **directness about independence** — people tend to state what they want without softening it, which can feel refreshing or blunt depending on who you're talking to. The pattern is that **group projects and teamwork** become more appealing than solo efforts, even though *Mars* here makes people more willing to disagree with the group if they think something's wrong.

**Mon, 9 Feb** Full Moon in Leo

♊ NNode △ Trine ♋ natal NNode

**Sat, 14 Feb** ♃ Jupiter △ Trine ♋ natal NNode

**Sun, 15 Feb** ☿ Mercury enters ♒ Aquarius

♇ Pluto □ Square ☿ natal Mercury

*Mercury* in *Aquarius* brings **clearer, more direct communication** — people tend to say what they actually think instead of softening their words, which works well in meetings but can feel blunt in casual conversations. At work and in friendships, you'll notice **more focus on logic and ideas** rather than emotions, making this a good time for problem-solving but a trickier period if someone needs emotional support. *Aquarius* also pushes thinking toward the **bigger picture**, so conversations shift from daily complaints to plans, systems, and what-if scenarios that feel more interesting but less immediately practical.

**Thu, 19 Feb** ☉ Sun enters ♋ Pisces

*The Sun* moving into *Pisces* shifts attention toward **listening and flexibility** for the next month, making people naturally more **willing to adjust plans** instead of pushing forward rigidly. At work and in relationships, you'll notice others become **harder to pin down** — deadlines slip, people change their minds, and vague agreements replace firm commitments, which requires patience rather than frustration. *Pisces* season softens the usual drive to compete or win, so **collaboration and going with the flow** tend to work better than direct pressure during this time.

**Wed, 25 Feb** New Moon in Pisces

Sat, 28 Feb ☾ Pluto ☐ Square ♀ natal Mercury

♁ NNode ☐ Square ☾ natal Moon
