KEY TRANSIT FACTORS

♃ Jupiter △ Trine ☉ natal Sun · peak 31 May ★

Right now you feel **more confident in yourself** and people around you pick up on that shift. You're more likely to speak up in meetings, take on new projects, or ask for what you want without overthinking it. Over the coming weeks, this is a practical time to pitch ideas, apply for opportunities, or have conversations you've been putting off because your natural self-assurance makes people more receptive to you.

♅ Uranus ♁ Opposition ♃ natal Jupiter · peak 10 May

Right now you are **questioning beliefs and plans that felt solid weeks ago**, and this doubt is making it hard to commit to anything. Your usual optimism about the future is getting interrupted by a voice telling you that what you want might not work, or that you have been overlooking real problems. Over the coming weeks this restlessness will push you to rethink your direction, but the process feels uncomfortable and destabilizing rather than clarifying.

♄ Chiron * Sextile ♄ natal Saturn · peak 15 May

Right now you're finding it easier to **talk about your past mistakes without shame or defensiveness**. You can look at where you've struggled or failed and see useful lessons instead of just pain. This practical shift lets you move forward with real confidence based on actual experience.

♄ Saturn ♁ Opposition ♅ natal Uranus · peak 26 May

Right now you are caught between wanting to break free and feeling locked down by real constraints, and this clash is making you restless and irritable. You might suddenly impose strict rules on yourself or resist any structure at all, swinging between these two extremes without finding middle ground. **You feel frustrated that you cannot escape your obligations**, and this tension will likely push you to make hasty decisions about work, relationships, or commitments that you'll need to revisit once this period ends.

♃ Jupiter ♃ Quincunx ♄ natal Mercury · peak 13 May

Right now your thinking feels scattered when you try to tackle detailed work or organize your thoughts. You may notice yourself making careless mistakes in writing or communication because your **attention keeps jumping between ideas** instead of staying focused. Over the coming weeks, double-checking your work and writing things down before speaking will help you actually complete what you start.

♃ Jupiter ∟ Semi sextile ♄ natal Saturn · peak 24 May

Over the coming weeks, you find it easier to follow through on practical plans without getting overwhelmed by all the details. *Jupiter* is giving you just enough optimism to balance *Saturn's* caution, so you can **move forward steadily while staying realistic** about what you can actually do. This is a good time to tackle a project that requires both confidence and discipline, because you naturally trust your own judgment right now.

♄ Saturn △ Trine ♅ natal Pluto · peak 18 May

You find it easier right now to **follow through on difficult changes** you have been putting off. Your practical side is working well with your ability to handle intensity, so you can tackle problems that usually feel too overwhelming. Over the coming weeks, you may notice you are more willing to do the hard work needed to transform something real in your life.

♃ Jupiter ☿ Quincunx ♅ natal Pluto · peak 1 May

Over the coming weeks, you may feel **restless with situations you thought were settled**, wanting to change things that previously felt stable or important to you. Your confidence in what you control grows, but it doesn't match up neatly with what's actually possible right now, leaving you frustrated. These misalignments between what you want to reorganize and what the real world allows are the main friction you'll notice while *Jupiter* stays at odds with your *Pluto*.

♃ Jupiter ☿ Conjunction ♀ natal Moon · peak 30 May

You feel more **comfortable asking for what you need** from people around you right now. Your emotional confidence is higher than usual, which makes it easier to speak up in conversations and express your opinions. Over the coming weeks, you'll likely notice others responding better to you because you're clearer about your feelings and less defensive than normal.

♃ Jupiter □ Square ♁ natal Uranus · peak 4 May

You're feeling restless and impatient with your usual routines, and you're more likely to make sudden decisions without thinking through the consequences. **Your need for freedom is clashing with your responsibilities**, making it hard to stick to commitments or plans. Over the coming weeks, you may experience practical disruptions—cancelled plans, unexpected changes, or your own impulsive actions—that force you to rebuild some stability afterward.

♄ Chiron ∟ Semi sextile ♀ natal Moon · peak 31 May

These days you find it easier to **talk about your feelings without getting stuck in them**, which helps you connect with people who matter to you. Your emotional vulnerabilities feel less like private wounds and more like honest things worth sharing. Over the coming weeks, this gentle openness tends to draw supportive responses from others, making your relationships feel more real and less lonely.

♁ Uranus * Sextile ♀ natal Moon · peak 1 May

These days you feel more willing to break your own routines and try things that normally make you uncomfortable, which often leads to pleasant surprises. You might suddenly want to rearrange your living space, change your sleep schedule, or suggest a spontaneous trip to someone close to you without overthinking it. This period brings an **openness to doing things differently** in your personal life, and people around you likely notice you seem lighter and more flexible than usual.

♁ NNode ☿ Conjunction ☉ natal Sun · peak 31 May

Right now you feel **pulled toward doing things that matter to you personally**, even if they're not what others expect. You notice you care less about fitting in and more about showing up as yourself in conversations and decisions. Over the coming weeks, this shift might create friction in relationships where you've usually compromised, but it also clarifies what you actually want.

♃ Jupiter △ Trine ♃ natal Jupiter · peak 31 May

While this lasts, you feel naturally **confident in your own judgment**, and opportunities tend to show up without you forcing them. People respond well to you right now because you're genuinely relaxed about where things are headed. Over the coming weeks, trust your instincts about what's worth your time—your sense of what matters is especially clear.

♁ Uranus □ Square ♁ natal NNode · peak 31 May

You feel restless about the direction you have been heading and suddenly want to break away from familiar patterns, even though people around you expect you to stay the course. This **urge to rebel against your own commitments** creates real friction in your relationships and work right now. Over the coming weeks, you will need to figure out whether you are running from something real or just chasing change for its own sake.

KEY DATES

Fri, 4 May ♃ Jupiter □ Square ☿ natal Uranus

Sun, 6 May ♄ Chiron ✖ Sextile ♄ natal Saturn

♄ Saturn △ Trine ♅ natal Pluto

Tue, 8 May New Moon in Taurus

Thu, 10 May ☿ Uranus ♁ Opposition ♃ natal Jupiter

Sat, 12 May ♄ Saturn enters ♌ Leo

Saturn in *Leo* brings **slower progress on projects** that need real structure — you'll notice deadlines matter more and half-finished work gets called out. In relationships and at work, people tend to **expect you to back up what you say** with actual results, not just talk or charm. Over the next few years, **building something solid** — a skill, a reputation, or trust with others — requires showing up consistently, even when it feels boring or unrewarding.

Mon, 14 May ☿ Mercury stations Retrograde

♀ Venus enters ♉ Taurus

When *Mercury* stations retrograde, **communication breakdowns and misunderstandings** become noticeably more common in daily life. Emails get lost, conversations get tangled, and people often need to **repeat themselves or clarify** what they meant the first time around. Travel plans, contracts, and tech devices tend to **glitch or require fixes**, so most people find themselves troubleshooting problems they thought were already solved.

Tue, 15 May ♄ Chiron ✖ Sextile ♄ natal Saturn

Fri, 18 May ♄ Saturn △ Trine ♅ natal Pluto

Sun, 20 May ♁ NNode ♃ Conjunction ☉ natal Sun

Mon, 21 May ☉ Sun enters ♊ Gemini

♅ Pluto stations Retrograde

Full Moon in Scorpio

☿ Uranus ♁ Opposition ♃ natal Jupiter

Sun in *Gemini* brings a **shift toward curiosity and talking things through** — you'll notice people asking more questions, starting conversations they'd normally skip, and wanting to understand how things work. At work and in relationships, **communication becomes easier and faster**, though the downside is that people scatter their attention across more projects and topics than they can actually finish. **Short trips, emails, and quick decision-making** pick up noticeably during this month, so if you've been putting off organizing your schedule or catching up with contacts, this is when that restless energy makes it feel natural.

Sat, 26 May ♄ Saturn ♁ Opposition ☿ natal Uranus

Wed, 30 May ♃ Jupiter ♃ Conjunction ☽ natal Moon

Thu, 31 May ♃ Mars enters ♋ Pisces

♁ NNode ♃ Conjunction ☉ natal Sun

♃ Jupiter △ Trine ♃ natal Jupiter

Mars in *Pisces* tends to **blur your usual drive**, making you less direct about what you want and more likely to drop hints

instead of stating things plainly. At work or in relationships, people often notice they're **slower to push back** on things that bother them, or they take longer to make decisions because competing feelings keep shifting their mind. The pattern is that **physical energy dips** — you might feel less urgent about exercise or tasks, preferring to move at an easier pace until something emotional finally lights a fire under you.
