TRANSIT ASPECTS

☿ Mercury ☐ Square ♅ Uranus · 0.0°

Right now your mind is working faster than your mouth can keep up, and you're saying things you didn't plan to say. **Your thoughts jump around unpredictably**, making it hard to follow a conversation or stick to one topic. People around you seem confused or frustrated because you're changing your mind about what you meant, and nobody knows what you actually believe.

☾ Moon ♂ Conjunction ♀ Venus · 0.5°

These days you feel more **comfortable showing affection** to the people around you, and they respond by being warmer in return. Your *Moon* and *Venus* are aligned right now, which makes it easier to express what you actually care about instead of holding back. This is a good window for having honest conversations with someone you're close to, or simply spending time with people who matter to you without the usual self-consciousness.

♅ Uranus * Sextile ♆ Neptune · 0.7°

These days you find it easier to imagine practical solutions to problems that seemed stuck before. **Your creative thinking and willingness to experiment combine naturally**, so you might surprise yourself with ideas that are both original and actually doable. This is a good time to pitch new projects or explore unconventional approaches in your work or personal life, because people around you are more open to what's different right now.

☿ Mercury ∟ Semi-sextile ♆ Neptune · 0.7°

These days your thinking becomes **more intuitive and open to possibility**, letting you pick up on hints and unspoken feelings that you normally miss. *Mercury* and *Neptune* working together make it easier to communicate about abstract ideas or emotional topics without needing everything to be literally defined. This is a good time to brainstorm, write creatively, or have conversations where you soften your usual need for hard facts and let imagination guide your words.

♂ Mars qx Quincunx ♇ Pluto · 1.6°

You feel **restless about your own power** right now, sensing that your usual way of taking action doesn't quite fit what you need to achieve. The disconnect between *Mars* and *Pluto* means you'll likely second-guess yourself or find that pushing harder actually makes things worse instead of better. Over the coming weeks, you'll do better by pausing to notice where you're forcing things, then adjusting your approach rather than simply pressing ahead.

☾ Moon △ Trine ♄ Chiron · 1.6°

These days you find it easier to talk about what hurts without falling apart or shutting down completely. Your **emotional honesty feels safer right now**, and people around you respond better when you tell them what is actually bothering you. This period gives you a real chance to sort through old wounds by addressing them directly instead of pretending they don't exist.

♃ Jupiter ♂ Opposition ♁ NNode · 2.0°

Right now you're likely **overestimating what you can handle** and taking on commitments that pull you away from what actually matters to you. *Jupiter* opposite the *North Node* creates a gap between what feels safe and familiar versus where you need to grow, so you keep reaching for the wrong solutions. Over the coming weeks, you'll probably feel frustrated when your usual tactics fail and you realize you have to do the harder, less comfortable thing.

♀ Venus △ Trine ♄ Chiron · 2.1°

Right now you find it easier to talk about your actual feelings instead of hiding them behind what you think sounds better. You're less defensive when someone points out something you do wrong, and you can actually hear what they're saying without getting angry. **This is the kind of time when small conversations with people fix things that felt broken**, because *Venus* trine *Chiron* makes you willing to be honest and soft at the same time.

☿ Mercury * Sextile ♀ Venus · 2.9°

These days you find it easier to say what you actually mean without hurting people's feelings. **Your words come across as thoughtful and warm** instead of blunt, which makes conversations go smoother and helps you connect with others. This is a good time to have the talks you have been putting off, since *Mercury* and *Venus* are working together to make you both honest and considerate.

♀ Venus qx Quincunx ♂ Uranus · 3.0°

Right now *Venus* and *Uranus* are creating an awkward angle that makes your social and romantic life feel unpredictable. You might suddenly want something different from your relationships or feel restless with routines that usually comfort you. The practical challenge is that you're drawn to change but also uncertain about what you actually want, so you may hesitate or second-guess yourself in conversations with people close to you.

☼ Sun * Sextile ♄ Saturn · 3.0°

Right now you find it easier to follow through on what you say you'll do, and people notice you're more reliable than usual. Your practical judgement is sharp, so **you can see what actually needs to happen** instead of getting distracted by what sounds exciting. This is the kind of period where effort pays off directly, so if you've been putting something off, the conditions are there to make real progress without burning yourself out.

☾ Moon * Sextile ☿ Mercury · 3.4°

These days your thoughts feel clearer and your feelings find words more easily than usual. You notice you can **explain what you're going through without getting stuck or defensive**, and other people seem to understand you better. This is a good time to have conversations that matter, because both your head and your heart are on the same team right now.

☾ Moon qx Quincunx ♂ Uranus · 3.4°

At the moment, your emotional needs and your urge to break free from routine are **pulling in opposite directions**, making it hard to know what you actually want. You might feel restless in situations that used to feel safe, or suddenly need independence just when you were settling into something comfortable. These conflicting impulses won't resolve quickly, so expect a few weeks of awkward adjustments as you figure out what needs to change.

☾ Moon □ Square ♆ Neptune · 4.1°

Right now your emotional responses feel disconnected from what is actually happening around you. You might **overreact to small problems or miss real warning signs** because your feelings are not matching the facts. This mismatch between what you feel and what is real makes it hard to trust your own judgment about people and situations.
