## KEY TRANSIT FACTORS

### ♅ Uranus $\Delta$ Trine ♁ natal Chiron $\star$

Right now you find it easier to **talk about things that usually stay hidden**, and people respond well when you do. Your practical understanding of what went wrong in past situations sharpens, letting you explain your own patterns without judgment. Over the coming weeks this shift in clarity can help you move through old hurts in a straightforward way rather than getting stuck in them.

### ☿ Mercury $\square$ Square ♃ natal Jupiter

Over the coming weeks, you're likely to **overstate your case and talk past people** instead of listening to what they actually need. Your confidence in your own ideas is running high, but you're glossing over details and assuming you already understand the full picture. This habit can damage practical plans at work or create real friction in conversations where precision actually matters.

### ♀ Venus $\Delta$ Trine ♃ natal Jupiter

Over the coming weeks, you find it easier to feel **generous and optimistic** about what you have and what you want. People respond well to you right now because you come across as warm and genuinely interested in them. This is a good time to ask for what you need or to strengthen the relationships that matter most to you.

### ♂ Mars $\star$ Sextile ♂ natal Mars

Right now you find it easier to **take direct action without second-guessing yourself**. You have more physical stamina and your decisions feel clearer, so tasks that seemed difficult before now move forward quickly. This period supports you in pushing past obstacles that have been holding you back at work or in personal projects.

### ♁ NNode $\angle$ Semi sextile ♄ natal Saturn

Over the coming weeks, you find it easier to **follow through on commitments** without feeling weighed down by them. Your practical instincts are working well with your sense of direction, so you can make real progress on goals that matter. This is a good time to take on responsibility because you actually feel capable of handling it.

### ☉ Sun $\square$ Square ♂ Mars

Right now you feel **irritable and impatient** with anyone who moves slower than you want them to. Your frustration comes out quickly, and you might say things sharply or push for action before people are ready. This friction between what you want to do immediately and what actually needs to happen teaches you where your expectations don't match reality.

### ☉ Sun $\star$ Sextile ♃ Jupiter

These days you feel more **willing to take reasonable risks** and try things you've been putting off. People around you seem more generous with their time and help, making it easier to move forward on practical goals. This period brings a straightforward boost to your confidence without the pressure to overcommit or perform.

☉ Sun ☐ Square ♄ Saturn

Right now you're running into real obstacles when you try to move forward with what you want. **You feel blocked by rules, other people's expectations, or your own self-doubt**, and pushing harder usually just makes things worse. The practical thing to do is slow down, check what's actually realistic, and accept that some goals need more time or a different approach.

LUNAR DAY

Moon in ♒ Aquarius · Day 1 / 30 · New Moon

**Emotional detachment increases** these days, making abstract discussions and group concerns feel more engaging than personal ones. People respond better to logic than to feeling right now, and the need for independence runs noticeably higher.
