KEY TRANSIT FACTORS

☉ Sun \angle Semi sextile ♀ Venus \star

Right now you find it easier to notice what you like about people around you, and that makes your social interactions feel smoother. You're more likely to **compliment someone without overthinking it** or suggest doing something enjoyable together. This isn't a dramatic shift, but these days small acts of kindness and warmth come more naturally to you.

♁ Chiron Δ Trine ☉ natal Sun

Over the coming weeks, you find it easier to **talk about your past struggles without shame**, and people respond by listening instead of judging. Your confidence in handling difficult conversations improves naturally, and you notice you can help others through their problems without getting stuck in them yourself. This period gives you a practical window to work through something that has bothered you for a while, and your clarity right now makes the work feel less heavy.

☾ Moon \square Square ♁ natal Chiron

Right now your **emotional defences are getting poked**, and old hurts you thought you'd buried are coming back up. You're more irritable than usual and quicker to feel rejected, especially in conversations where someone disagrees with you or doesn't give you the reaction you wanted. These feelings will pass in a few days or weeks, but while this lasts you'll need to notice when you're snapping at people over small things instead of addressing what's actually bothering you underneath.

♂ Mars Δ Trine ☉ natal Sun

These days you have natural **momentum behind your plans**, and things you start tend to move forward without you having to push as hard. Your physical energy is steady and reliable right now, so you can tackle practical tasks or exercise routines without the usual fatigue getting in the way. The combination of *Mars* and your *Sun* means your confidence and your ability to act are working together, making it easier to do things that actually matter to you.

☿ Mercury \circ Opposition ♂ natal Mars

Right now you're more likely to say things you regret, especially when someone disagrees with you or moves too slowly. Your **impatience with others' words and ideas** is heightened, making conversations feel combative even when they don't need to be. Over the coming weeks, watch for a pattern where you interrupt, argue about details, or push your point too hard instead of listening.

♀ Venus \circ Opposition ♁ natal Chiron

Right now you're noticing that people respond differently to you than usual, and it feels uncomfortable because old insecurities about your **likability and self-worth** are surfacing. You might find yourself either trying too hard to be liked or pulling away from social situations altogether, which makes real connection harder rather than easier. Over the coming weeks, this friction is an opportunity to see where you've been hiding your actual personality to fit in, but it will not feel good while it's happening.

♄ Saturn Rx · ♍ Virgo

The systems and routines you rely on for health, work, and daily functioning are being tested for their genuine usefulness right now. Habits maintained out of routine rather than benefit deserve honest evaluation. Small corrections made now to health or work practices tend to produce more durable improvement than sweeping changes.

☉ Sun △ Trine ☾ Moon

These days you find it easier to know what you actually want and to ask for it without overthinking. Your emotional reactions line up with your real goals, so you move forward without fighting yourself. This is a good time to make decisions or have conversations because you sound genuine and people respond well to that.

☉ Sun ∟ Semi sextile ♃ Jupiter

These days you feel a bit more **optimistic about your abilities** and willing to take on new projects. Small wins come easier right now because you're not overthinking things or waiting for perfect conditions. This is a good time to start something you've been putting off, since your confidence has a gentle boost and you're likely to see early progress.
