KEY TRANSIT FACTORS

♃ Jupiter ☾ Opposition ♂ natal Mars

These days you're more likely to overcommit and then resent the people asking things of you, even though you said yes. Your impatience is high and **you push hard on goals without checking if you're actually moving in the right direction**. Over the coming weeks, small frustrations pile up into real conflicts because you're acting faster than you're thinking.

♄ Saturn ∟ Semi sextile ♁ natal Chiron

While this lasts, you're able to **turn your old wounds into practical wisdom** without getting stuck in the emotional weight of them. You notice yourself giving better advice to people who are struggling because you can draw on your own difficult experiences without reliving the pain. This period helps you build something solid and useful from what you've learned the hard way.

♆ Neptune ☾ Opposition ♂ natal Mars

Right now you're finding it hard to trust your own drive and instincts. You second-guess decisions you'd normally make quickly, and your **confidence in your own judgment feels unreliable**. This confusion can make you hesitate when action is needed, or push forward without clarity about what you actually want.

☿ Mercury ∟ Semi sextile ☉ natal Sun

Right now your thinking becomes **clearer and more practical**, making it easier to solve small problems without getting tangled up in details. You notice yourself communicating more directly with people around you, which helps conversations flow better and cuts down on misunderstandings. Over the coming weeks, this mental clarity gives you a quiet confidence to handle tasks you've been putting off or thinking about too much.

♅ Uranus qx Quincunx ♂ natal Mars

Your usual way of pushing forward or getting things done feels slightly off right now, like your timing is consistently a beat late or your efforts land awkwardly. You might find yourself **starting projects with energy but then stopping to rethink your approach** halfway through, which can be frustrating if you're used to just powering through. Over the coming weeks, the practical answer is to build in extra adjustment time and expect that your first attempt at something physical or competitive may need a revision.

☉ Sun □ Square ♄ Saturn

Right now you're running into real obstacles when you try to move forward with what you want. **You feel blocked by rules, other people's expectations, or your own self-doubt**, and pushing harder usually just makes things worse. The practical thing to do is slow down, check what's actually realistic, and accept that some goals need more time or a different approach.

› Moon ☾ Quincunx ♿ Mercury

At the moment your *Moon* and *Mercury* are at odds, which makes it hard to say what you actually feel without overthinking it first. You might notice yourself **second-guessing your own reactions** or explaining your emotions in ways that don't quite fit the actual situation. This awkward angle between emotion and thinking tends to create mild frustration until you accept that some feelings just don't translate neatly into words.

› Moon ☾ Opposition ♀ Venus

At the moment, you feel disconnected from what usually makes you happy, and this can push you toward picking fights or withdrawing from people you care about. Your emotional needs and what others want from you are pulling in opposite directions, so small frustrations in relationships tend to blow up. This friction is real—use it to notice where you are actually unhappy rather than blaming the other person.

LUNAR DAY

Moon in ♎ Libra · Day 11 / 30 · First Quarter

The social atmosphere becomes more diplomatic during this transit, with more care taken to avoid unnecessary friction. Decisions slow down as multiple perspectives get weighed, and outright conflict feels harder to initiate than usual.
