## KEY TRANSIT FACTORS

### ♂ Mars ☐ Square ☉ natal Sun

Right now you're running into **friction between what you want to do and what you actually have the energy for**. People around you might feel your impatience or see you push too hard on small disagreements that normally wouldn't bother you. This restless mood will fade in a few weeks, but for now you need to notice when you're forcing things instead of letting them happen naturally.

### ☾ Moon △ Trine ♇ natal Pluto

Right now you're noticing that difficult conversations feel less scary, and you're able to say what you actually think without overthinking it. Your **emotional honesty** is flowing more naturally, which means people around you are responding better to what you share. Over the coming weeks, this ease with your own feelings can help you sort through old patterns that usually trip you up.

### ♀ Venus ☒ Quincunx ♆ natal Neptune

Over the coming weeks, you may notice your romantic or social preferences shifting in ways that feel unclear to you. You might find yourself **attracted to people or situations that don't quite fit what you normally want**, leaving you uncertain about what you actually value right now. This confusion usually settles once the transit passes, so it helps to observe your attractions without making major relationship decisions while this lasts.

### ☿ Mercury ☐ Square ♃ natal Jupiter

Over the coming weeks, you're likely to **overstate your case and talk past people** instead of listening to what they actually need. Your confidence in your own ideas is running high, but you're glossing over details and assuming you already understand the full picture. This habit can damage practical plans at work or create real friction in conversations where precision actually matters.

### ♂ Mars \* Sextile ♄ natal Saturn

Right now you're able to **push forward on projects that actually matter** without burning yourself out or making reckless moves. Your practical side is working smoothly with your drive, so you can set a realistic pace and stick to it. These days you get things done not by forcing them but by showing up consistently and letting the work speak for itself.

### ☉ Sun ☐ Square ♃ Jupiter

Right now you're likely **overestimating what you can handle** and taking on more than makes practical sense. *Sun* square *Jupiter* pushes you to act bigger and bolder than your actual circumstances support, which sets you up for overcommitment and disappointment. The friction here teaches you where your real limits are, but only after you've already stretched too far.

### ☉ Sun ☐ Square ♄ Saturn

Right now you're running into real obstacles when you try to move forward with what you want. **You feel blocked by rules, other people's expectations, or your own self-doubt**, and pushing harder usually just makes things worse. The practical thing to do is slow down, check what's actually realistic, and accept that some goals need more time or a different approach.

☉ Sun \* Sextile ♅ Uranus

These days you feel more willing to try something different without the usual fear holding you back. You might suggest a new idea at work, change your routine, or say no to something that no longer fits. This **relaxed openness to change** makes it easier to break old patterns while still feeling grounded enough to actually follow through.

LUNAR DAY

Moon in ♐ Sagittarius · Day 26 / 30 · Last Quarter

**Restlessness with routine increases** during this transit, and the desire to break out of familiar patterns grows. Opinions get expressed more freely and with less filtering for the next day or two.
