KEY TRANSIT FACTORS

♃ Jupiter * Sextile ☾ natal Moon ★

Right now you feel **more at ease with what you're feeling**, and that ease spreads to how you treat the people around you. You're quicker to laugh, more patient with complaints from family or friends, and you actually listen instead of just waiting for your turn to talk. Over the coming weeks, this emotional looseness often leads to real conversations that improve your relationships or help someone feel heard by you.

☉ Sun * Sextile ♂ Mars ★

Right now you find it easier to **take action on things you actually want** instead of sitting with them in your head. Your motivation and your confidence are aligned, so when you decide to do something, your body follows without the usual resistance. This is a practical window for starting projects, having difficult conversations, or pushing through work that needs momentum.

♄ Saturn ♂ Conjunction ☾ natal Moon

You're feeling more **serious and withdrawn** right now, and your usual emotional needs feel heavier than normal. You might notice you're less interested in socializing or seeking reassurance, and instead you want to handle things alone and think things through carefully. This period pushes you to look at your emotional life more honestly, even if it feels uncomfortable or makes you seem quieter than usual.

☾ Moon qx Quincunx ☉ natal Sun

Right now your mood and your sense of purpose are out of sync, so you feel restless even when things are going well. You might **second-guess decisions you normally feel confident about**, or find yourself irritable with people who don't understand what you need. These feelings will pass in a week or two, but until then you'll work better if you accept the discomfort rather than trying to fix it.

♀ Venus qx Quincunx ♀ natal Venus

Over the coming weeks, you might feel slightly off about what usually makes you happy, whether that's social time, physical affection, or how you spend money. You may become **restless with familiar routines** and find yourself wanting something different without quite knowing what. This awkward feeling typically pushes you to adjust how you approach relationships or self-care rather than change them completely.

♁ Chiron ☐ Square ☾ natal Moon

Right now you're more aware of emotional wounds you usually ignore, and that awareness feels uncomfortable rather than helpful. You might find yourself **withdrawing from people or snapping at them unexpectedly** because your usual emotional coping methods aren't working. Over the coming weeks, this friction is pushing you to look at how you actually handle upset instead of just moving past it.

♿ Mercury Rx · ♄ Capricorn

Professional communications and career-related decisions are prone to misalignment right now. Contracts, applications, or plans that seemed finalized may need revisiting before they are acted on. The careful checking you do now prevents public errors later.

☉ Sun ☌ Conjunction ♿ Mercury

These days your mind feels clearer and you're more likely to speak up about what you actually think. **You say things more directly** and people tend to listen because you sound confident. This is a practical time to have conversations you've been putting off or to explain yourself without second-guessing every word.

☉ Sun * Sextile ♆ Neptune

Right now you find it easier to **notice what others need without them having to ask**, and people respond well to this attentiveness. Your practical decisions feel less rigid, and you can hold two opposite ideas at once without getting stuck. This period is good for creative work, counseling conversations, or any situation where you need to read between the lines.
