## KEY TRANSIT FACTORS

### ☾ Moon \* Sextile ♃ natal Jupiter ★

You feel **more generous and open to other people** right now, which makes conversations easier and helps you connect with others without overthinking things. Your mood is lighter, and you're more likely to say yes to social invitations or to help someone out without keeping score. This is a good window to ask for what you need or to approach someone you've been meaning to reach out to, because you come across as relaxed and genuinely interested in them.

### ♃ Jupiter ♄ Conjunction ♁ natal Lilith

Over the coming weeks, you're likely to feel more **willing to ignore rules that don't make sense to you**. You might speak up in situations where you'd normally stay quiet, or push back against expectations that feel unfair. This boldness can open doors, but it can also create friction if you're not careful about who you're confronting.

### ☉ Sun \* Sextile ♆ natal Neptune

Right now you find it easier to **notice details you usually miss** in conversations and situations around you. Your imagination is working better than usual, so creative projects or problem-solving feels more natural without forcing it. People also seem more receptive to what you say, as if your words land more gently with them during these weeks.

### ☿ Mercury ♄ Conjunction ♁ natal Lilith

Over the coming weeks, you're more likely to say things you'd normally keep quiet about. You may notice yourself **speaking bluntly or asking direct questions** that feel almost uncomfortable coming out of your mouth. This isn't cruelty — it's just that your usual social filter is thinner right now, and your mind is sharper about spotting what doesn't add up.

### ♂ Mars △ Trine ☿ natal Mercury

Your mind feels sharper these days, and you can express what you think without second-guessing yourself. You find it easier to **organize your thoughts into action**, whether that's talking through a problem or getting a project moving forward. This practical clarity lasts a few weeks, so it's a good time to handle conversations you've been putting off or tackle work that needs both thinking and doing.

### ☿ Mercury Rx • ♐ Sagittarius

Plans for travel, education, or big-picture goals hit unexpected snags right now. Opinions expressed with too much confidence may need to be walked back, and long-distance communications often get garbled. This is a better period for reviewing beliefs than for broadcasting them.

### ☉ Sun ♄ Conjunction ☿ Mercury

These days your mind feels clearer and you're more likely to speak up about what you actually think. **You say things more directly** and people tend to listen because you sound confident. This is a practical time to have conversations you've been putting off or to explain yourself without second-guessing every word.

### ☉ Sun ☐ Square ♂ Mars

Right now you feel **irritable and impatient** with anyone who moves slower than you want them to. Your frustration comes out quickly, and you might say things sharply or push for action before people are ready. This friction between what you want to do immediately and what actually needs to happen teaches you where your expectations don't match reality.

### ☉ Sun ♂ Conjunction ♃ Jupiter

Right now you feel more confident about your abilities and less worried about what could go wrong. You are **more willing to take on bigger challenges** and speak up in situations where you normally stay quiet. This period tends to bring real opportunities your way because you are actually showing up differently, not because of luck.

★ = natal resonance — this transit echoes your birth chart, amplifying its influence
