KEY TRANSIT FACTORS

☉ Sun ∟ Semi sextile ♀ Venus ★

Right now you find it easier to notice what you like about people around you, and that makes your social interactions feel smoother. You're more likely to **compliment someone without overthinking it** or suggest doing something enjoyable together. This isn't a dramatic shift, but these days small acts of kindness and warmth come more naturally to you.

♆ Neptune △ Trine ♄ natal Saturn

Right now you find it easier to stick with practical plans without getting frustrated by delays or setbacks. **You stay calm under pressure** and actually follow through on responsibilities that usually feel like a burden. This period gives you a real chance to build something solid, whether that's finishing a project, organizing your life, or keeping commitments you normally struggle to maintain.

♅ Uranus qx Quincunx ♁ natal Chiron

Over the coming weeks, you may feel restless about areas where you've learned to accept limitations. **You notice yourself questioning old workarounds and feeling uncomfortable with compromises that used to feel necessary.** This discomfort is not a sign something is wrong—it's your mind flagging habits that no longer fit who you are becoming.

♃ Jupiter □ Square ♃ natal Mercury

Your mind is working faster than your mouth right now, and people find you hard to follow. You jump between ideas, interrupt conversations, and make promises you cannot keep because you are overestimating what you can handle. The gap between what you think you can do and what is actually realistic will create real problems at work or in your relationships over the coming weeks.

♀ Venus □ Square ☾ natal Moon

Right now you're more critical of the people close to you, especially about how they show affection or support you. You might push away someone who's trying to help because you **feel disconnected from what they're offering**, even if it's genuinely good. This frustration can make you withdraw or say things you regret, so it helps to notice when you're in this mood before you act on it.

☾ Moon qx Quincunx ☉ natal Sun

Right now your mood and your sense of purpose are out of sync, so you feel restless even when things are going well. You might **second-guess decisions you normally feel confident about**, or find yourself irritable with people who don't understand what you need. These feelings will pass in a week or two, but until then you'll work better if you accept the discomfort rather than trying to fix it.

☉ Sun ☐ Square ☽ Moon

Right now your gut feelings and your sense of purpose are pulling in opposite directions. You might feel irritated with people close to you without knowing exactly why, or snap at someone when you meant to stay calm. This friction between what you want to do and what feels emotionally safe can push you to make real changes, but only if you stop and actually listen to both sides instead of just reacting.

☉ Sun ☿ Conjunction ♄ Saturn

Right now you are more aware of your own limits and what you actually need to do versus what you want to do. You become **more serious about your responsibilities** and less interested in shortcuts or excuses. This is a practical time to make concrete progress on something that matters, even if it feels slow or requires discipline.
