KEY TRANSIT FACTORS

☾ Moon ☿ Opposition ♅ Uranus ★

At the moment, you feel **restless and irritable** without knowing exactly why, and small changes to your routine feel like major disruptions. The *Moon* opposition *Uranus* aspect right now makes your emotional needs clash with a sudden urge to break free or do something different. You might snap at people who want closeness, or you might suddenly want to abandon plans that felt important yesterday, leaving you feeling emotionally scattered and unpredictable.

♄ Saturn qx Quincunx ♆ natal Neptune

Right now you're noticing the gap between what you imagine and what actually works in practice. You feel caught between wanting to escape reality and knowing you have real responsibilities that need attention. This uncomfortable mismatch forces you to make small adjustments to your plans, even if it feels frustrating at the moment.

☾ Moon qx Quincunx ☉ natal Sun

Right now your mood and your sense of purpose are out of sync, so you feel restless even when things are going well. You might **second-guess decisions you normally feel confident about**, or find yourself irritable with people who don't understand what you need. These feelings will pass in a week or two, but until then you'll work better if you accept the discomfort rather than trying to fix it.

♅ Uranus ∟ Semi sextile ☉ natal Sun

These days you feel **ready to try something different** without needing to blow up your whole life to do it. Small changes at work or home suddenly feel possible, and you notice you're less attached to how things have always been done. This is a good window to test out new routines or introduce fresh ideas that have been sitting in the back of your mind.

♂ Mars ∟ Semi sextile ♇ natal Pluto

Over the coming weeks, you'll notice a **quiet increase in your ability to push past what usually holds you back**. *Mars* is giving *Pluto* a helpful nudge, and you'll find yourself taking small decisive actions in areas where you've felt stuck or powerless before. This isn't aggressive or dramatic—it's more like discovering you have a bit more psychological backbone when you actually need it.

☾ Moon △ Trine ♄ natal Saturn

Right now you find it easier to stick to what matters and let go of what doesn't, because your emotions are working with your sense of responsibility rather than against it. You show **natural follow-through** on commitments and don't feel as pulled by distractions or self-doubt. Over the coming weeks, people notice you're reliable and calm, and you can handle practical tasks without the usual inner friction.

♀ Venus Rx • ♌ Leo

The need for admiration and recognition in relationships surfaces more strongly right now, sometimes in ways that surprise you. Past romantic connections or unresolved questions about self-worth may return during this period. Examining what you genuinely offer in relationships is more useful than seeking external validation.

♄ Saturn Rx · ♓ Pisces

The limits that protect your energy, compassion, and creative focus are being reconsidered right now. Boundaries that have been dissolved in the name of flexibility or kindness may be creating hidden costs. Building more deliberate structure into the areas of your life that feel most diffuse rewards you more than continued openness.

☉ Sun ☊ Quincunx ♄ Saturn

Right now you feel a mismatch between what you want to do and what seems practical or allowed. You might push forward with a plan only to run into a real obstacle that makes you reconsider, or hold back when you actually have a real opportunity. **This awkward timing between your drive and your responsibilities** means you cannot simply act on instinct—you need to adjust, compromise, or wait for better conditions.

☾ Moon ☐ Square ☿ Mercury

Right now your **feelings and thoughts are working against each other**, making it hard to say what you actually mean. You might feel irritated or misunderstood because your emotions are moving faster than your ability to explain them. These days conversations tend to go sideways even when you're trying to be clear, because *Moon* and *Mercury* are pulling in opposite directions.
