KEY TRANSIT FACTORS

♀ Venus ☿ Quincunx ☾ natal Moon ★

Over the coming weeks, you may find your usual way of showing affection feels slightly off or awkward. You might want closeness but struggle to express it in ways that actually land with the people you care about. Small adjustments to how you approach relationships will help you feel more comfortable.

♀ Venus ∠ Semi sextile ☉ natal Sun ★

These days you feel **more comfortable being yourself around others**, and people respond well to that ease. You're not trying as hard to impress anyone, which actually makes your conversations flow better and your relationships feel less strained. This small shift in *Venus* supporting your *Sun* won't solve everything, but it gives you a genuine advantage in how you present yourself while it lasts.

☉ Sun ☿ Opposition ☾ Moon ★

Right now you feel pulled in two directions at once, and it's hard to know what you actually want. You might notice yourself **acting one way in public and feeling something completely different inside**, which creates an awkward tension you can't ignore. This split between what you're showing others and what you're experiencing privately tends to make decisions feel impossible until the aspect passes.

☉ Sun ♂ Conjunction ♀ natal Venus

Right now you're more **drawn to people and less interested in being alone**. You find it easier to start conversations, accept invitations, and let others see you as you really are. This period is good for asking for what you want in relationships, because you're more confident that you deserve it.

☾ Moon ☿ Opposition ♄ natal Saturn

These days you feel **emotionally withdrawn and reluctant to ask for support**, even when you genuinely need it. Your mood is heavier than usual, and you tend to blame yourself for problems that aren't really your fault. Over the coming weeks, this pattern makes relationships feel harder because people can't tell what you actually need from them.

♅ Uranus ∠ Semi sextile ☿ natal Mercury

Over the coming weeks, your mind becomes **quicker to spot new angles on old problems**, and you find yourself asking questions you wouldn't normally ask. Small talk feels less interesting, but one-on-one conversations where you can explore unusual ideas feel energizing and natural. This is a good time to try a different approach to something at work or pick up a skill you've been curious about, because your brain is genuinely primed for it right now.

☉ Sun ∠ Semi sextile ♃ Jupiter

These days you feel a bit more **optimistic about your abilities** and willing to take on new projects. Small wins come easier right now because you're not overthinking things or waiting for perfect conditions. This is a good time to start something you've been putting off, since your confidence has a gentle boost and you're likely to see early progress.

☉ Sun ☐ Square ♄ Saturn

Right now you're running into real obstacles when you try to move forward with what you want. **You feel blocked by rules, other people's expectations, or your own self-doubt**, and pushing harder usually just makes things worse. The practical thing to do is slow down, check what's actually realistic, and accept that some goals need more time or a different approach.
