KEY TRANSIT FACTORS

☉ Sun * Sextile ♄ natal Saturn ★

Right now you feel **more capable of following through** on what you say you will do, and people notice the difference. Your practical judgment is sharper during this period, so you make fewer impulsive decisions and regret them less. This is the time to tackle projects that need real discipline and to build something that will actually last.

☾ Moon * Sextile ♀ natal Venus

While this lasts, you find it easier to express affection and say what you actually appreciate about people in your life. Your **warmth comes across naturally**, and others respond well to you without you having to try hard. These days are good ones to reach out to someone you care about or do something kind that you have been putting off.

☿ Mercury ☿ Quincunx ♁ natal Chiron

Over the coming weeks, you may notice that talking about your past experiences feels awkward or incomplete, as if the right words keep slipping away. You find yourself **starting to explain something painful, then stopping halfway through** because the explanation doesn't quite land. This mismatch between what you feel and what you can actually say might frustrate you, but it can also prompt you to try different ways of understanding what happened to you.

♆ Neptune ∟ Semi sextile ♂ natal Mars

Right now your usual drive to act is softened by a gentler, more intuitive approach to what you want. You find yourself **listening to your gut before charging ahead**, which actually helps you avoid wasted effort and see better options. Over the coming weeks, this combination of *Neptune* and *Mars* lets you pursue your goals with less force and more imagination, making your efforts feel easier even when you're working hard.

☾ Moon ☐ Square ♅ natal Uranus

Right now you feel restless and irritable in ways that don't match your usual mood, making you **snap at people over small things** and struggle to sit still. Your need for sudden change clashes with what you actually need emotionally, so you might suddenly want to quit something or push away someone close to you without being clear why. These feelings will pass in a few days, but while they last you'll need to notice the impulse to act on them rather than act immediately.

♄ Saturn **Rx** · ♏ Scorpio

Deep psychological structures — the ways you manage power, control, and shared resources — are under quiet but significant review right now. Commitments made at depth, financial obligations, or emotional contracts with others demand careful attention. Unacknowledged patterns of control or avoidance are being surfaced for honest examination.

☉ Sun ♂ Conjunction ☿ Mercury

These days your mind feels clearer and you're more likely to speak up about what you actually think. **You say things more directly** and people tend to listen because you sound confident. This is a practical time to have conversations you've been putting off or to explain yourself without second-guessing every word.

☉ Sun ☿ Conjunction ♂ Mars

Right now you feel **more direct and willing to take action** on things you normally hesitate about. You're likely to speak up in conversations, push forward with a project, or make a decision you've been putting off. This practical confidence usually fades once the transit passes, so use it to handle what actually needs doing.

☉ Sun ♃ Semi sextile ♃ Jupiter

These days you feel a bit more **optimistic about your abilities** and willing to take on new projects. Small wins come easier right now because you're not overthinking things or waiting for perfect conditions. This is a good time to start something you've been putting off, since your confidence has a gentle boost and you're likely to see early progress.

LUNAR DAY

Moon in ♉ Taurus · Day 29 / 30 · Waning Crescent

The pace slows considerably during this transit as comfort and familiar surroundings take priority over efficiency. Resistance to change hardens, and any disruption to routine tends to provoke stubborn pushback.
