KEY TRANSIT FACTORS

♁ Chiron ☌ Conjunction ♄ natal Saturn

Over the coming weeks, you become more aware of the **limits you've accepted without questioning them**. You notice old rules and boundaries that once felt necessary but now feel outdated or overly rigid. This period invites you to examine what you've built your stability on and whether those foundations still serve you.

♁ Chiron △ Trine ☾ natal Moon

Right now you find it easier to talk about what actually hurts instead of pushing feelings away or making yourself smaller. People around you respond differently when you speak from this honest place, and conversations that would normally feel risky become manageable. Over the coming weeks, this support from others gives you real permission to take your emotional needs seriously rather than dismissing them as weakness.

♁ Lilith ☌ Conjunction ☾ natal Moon

These days you're more aware of what you actually want instead of what you think you should want, and you're less willing to hide those preferences to keep others comfortable. You might say no more often, set firmer boundaries, or express frustration you've been holding back, which can feel liberating or create friction depending on who's listening. This **clearer sense of your own needs** is real and worth paying attention to, even if the delivery feels a bit raw right now.

♅ Uranus ☌ Opposition ♋ natal NNode

You feel pulled away from the people and commitments that usually ground you, and this creates real friction in your relationships and work life. Your instinct right now is to **break free from obligations**, but the timing often catches others off guard, leaving them confused or hurt. Over the coming weeks, you will have to choose between your need for independence and the practical consequences of abandoning plans that matter to the people around you.

♃ Jupiter ☌ Conjunction ♁ natal Chiron

Over the coming weeks, you're likely to feel more **willing to talk about past hurts that usually stay private**. People around you may notice you're more open and less defensive when difficult topics come up. This period can actually help you move through some old emotional blocks because you're not fighting against them as hard as usual.

☾ Moon ☌ Quincunx ♀ Venus

Right now your emotional needs and what you want socially are slightly out of sync, so you might feel pulled in two directions. You could notice yourself wanting comfort and closeness at times when you'd rather stay independent, or the opposite. This **mismatch between feeling and wanting** is temporary, and noticing it is the first step to working with it instead of against it.

☾ Moon ☌ Opposition ♂ Mars

Right now your **irritability is running high** and small annoyances feel like major problems. People around you seem to trigger you faster than usual, and you may snap at them or pick fights without meaning to. These days the gap between what you feel and what you're actually able to do creates real frustration, so patience is thin on the ground for everyone.

› **Moon ☾ Quincunx ♃ Neptune**

These days your emotional reactions don't match what's actually happening around you, and it takes effort to figure out why. You might feel **vaguely unsettled or pulled in different directions without a clear reason**, making it hard to trust your own feelings. This mismatch between your gut and reality tends to fade once you slow down and check the facts instead of following your first impression.

LUNAR DAY

Moon in ♌ Leo · Day 21 / 30 · Waning Gibbous

The social atmosphere becomes more expressive these days, with people more willing to share opinions and put themselves forward. The need to feel appreciated surfaces in small ways — a slower response to criticism, a stronger preference for being noticed.
