## KEY DATE

### ☿ Mercury enters ♓ Pisces

*Mercury* in *Pisces* makes your thinking **slower and less direct** — you'll notice yourself taking longer to find the right words, or changing your mind mid-conversation. In work and daily tasks, this transit rewards **intuition and pattern-spotting** over step-by-step logic, so you might solve problems by sensing what feels right rather than working through details. Relationships often improve because you're more **willing to listen without interrupting** and pick up on what people aren't saying aloud, though you may struggle to explain your own point clearly.

## KEY TRANSIT FACTORS

### ♃ Jupiter ☐ Square ♁ natal Chiron

Right now your **tendency to overestimate what you can fix** is causing real friction in your relationships and work. You are pushing too hard to solve problems that belong to other people, and they are pulling back or getting annoyed with your interference. Over the coming weeks, you will need to learn where your actual limits are by running into them repeatedly.

### ☾ Moon △ Trine ♅ natal Uranus

You feel more comfortable breaking your own rules right now, and you act on sudden ideas without second-guessing yourself. This **spontaneous confidence** shows up in real conversations and decisions, where you say what you actually think instead of playing it safe. Over the coming weeks, people around you respond well to this directness, and you discover that being yourself is easier than you thought.

### ♅ Uranus △ Trine ♃ natal Jupiter

You are feeling unusually **open to new possibilities** and willing to try things you normally wouldn't consider. Your confidence is high right now, and you're noticing opportunities appear without you having to force them—people invite you to things, conversations lead somewhere unexpected, or a practical problem suddenly has a solution you hadn't seen before. This period supports taking calculated risks or making changes you've been thinking about, because your instinct for what will actually work is sharp.

### ☉ Sun △ Trine ♁ natal Chiron

Right now you find it easier to talk about past hurts without becoming defensive or withdrawn. You're **more willing to listen to feedback** about your weak spots and actually do something practical with it. These few weeks are a good window to work on old patterns that usually trip you up, since you're approaching them with less shame and more actual curiosity.

### ♄ Saturn ☌ Conjunction ♆ natal Neptune

Right now you feel less inclined to daydream or escape into fantasy, and instead want to deal with practical reality. You may notice that vague plans or wishful thinking that once appealed to you now feel pointless, making you **more direct and realistic about what you can actually accomplish**. Over the coming weeks, this clarity can help you sort out which goals are worth your time and which ones were just pleasant distractions.

☉ Sun ☾ Semi sextile ♃ Jupiter

These days you feel a bit more **optimistic about your abilities** and willing to take on new projects. Small wins come easier right now because you're not overthinking things or waiting for perfect conditions. This is a good time to start something you've been putting off, since your confidence has a gentle boost and you're likely to see early progress.

☉ Sun ☾ Semi sextile ♆ Neptune

These days you find it easier to **imagine things before you build them**, whether that's a project at work or how you want your living space to feel. The subtle connection between *Sun* and *Neptune* softens your usual need to rush into action, giving your practical plans a touch of creativity. This is a good time to sketch out ideas, talk through your vision with others, or sit with half-formed thoughts without needing immediate answers.

☾ Moon ☐ Square ♀ Mercury

Right now your **feelings and thoughts are working against each other**, making it hard to say what you actually mean. You might feel irritated or misunderstood because your emotions are moving faster than your ability to explain them. These days conversations tend to go sideways even when you're trying to be clear, because *Moon* and *Mercury* are pulling in opposite directions.

LUNAR DAY

Moon in ♊ Gemini · Day 9 / 30 · First Quarter

**Social activity picks up** for the next day or two, with conversations starting easily but rarely staying on one topic. A general restlessness makes it harder to finish tasks or sit with one idea long enough to go deep.

CLOTHING & JEWELRY
