## KEY TRANSIT FACTORS

### ♃ Jupiter ☌ Conjunction ☿ natal Mercury

You're thinking more expansively right now and your mind feels faster than usual. You're likely talking more, asking bigger questions, and finding it easier to explain your ideas to others. This is a good window to pitch a proposal, write something you've been putting off, or have conversations you've been avoiding because your confidence in what you're saying is genuinely higher.

### ☿ Mercury ☐ Square ♆ natal Neptune

Right now your thinking feels scattered and you struggle to pin down what you actually mean when you try to explain yourself. You say things you don't quite believe, or you get halfway through a sentence and realize you've lost your point completely. These mixed signals in your communication create **misunderstandings with people who matter to you**, and it takes real effort to slow down and say things clearly instead of in the fuzzy way that feels natural to you at the moment.

### ♅ Uranus ☌ Quincunx ☉ natal Sun

These days you feel out of step with your usual routine, even though nothing obvious has changed. Your instinct is to **shake things up or rebel against your normal habits**, but the timing feels awkward and you are not sure what you actually want to do differently. Over the coming weeks, this restless feeling will likely push you to make small adjustments to how you work or present yourself, rather than the dramatic overhaul your mind keeps suggesting.

### ♁ Chiron \* Sextile ♄ natal Saturn

Right now you're finding it easier to **talk about your past mistakes without shame or defensiveness**. You can look at where you've struggled or failed and see useful lessons instead of just pain. This practical shift lets you move forward with real confidence based on actual experience.

### ♁ Chiron ☌ Opposition ☾ natal Moon

Over the coming weeks, you feel more aware of emotional wounds you've been carrying, which can make you irritable with the people closest to you. Your usual ways of comforting yourself stop working as well, leaving you **restless and dissatisfied** with your routines and relationships. This discomfort is real, but it's pushing you to look honestly at what you actually need instead of what you've settled for.

### ☉ Sun ☌ Semi sextile ♆ natal Neptune

These days you find it easier to **imagine things before you build them**, whether that's a project at work or how you want your living space to feel. The subtle connection between *Sun* and *Neptune* softens your usual need to rush into action, giving your practical plans a touch of creativity. This is a good time to sketch out ideas, talk through your vision with others, or sit with half-formed thoughts without needing immediate answers.

☉ Sun ☐ Square ♇ Pluto

Right now you feel **pushed to prove yourself** in ways that feel uncomfortable or unnecessary. Everyone around you seems more irritable, defensive, or bent on getting their way without compromise. This period brings out the part of you that resists being told what to do, and small conflicts can quickly turn into power struggles.

☾ Moon \* Sextile ♀ Venus

Right now you find it easier to **express what you actually feel** without worrying what others will think. People around you respond well because you seem more genuine and relaxed than usual. This is a good period to have honest conversations or do something kind for someone close to you.

LUNAR DAY

Moon in ♋ Pisces · Day 25 / 30 · Last Quarter

**The boundary between personal and environmental moods blurs** during this transit, making it easy to absorb the emotional state of whoever is nearby. Imagination and sensitivity both run higher, while clarity of thought and decision-making run lower for the next 48 hours.
