KEY TRANSIT FACTORS

♄ Saturn △ Trine ☾ natal Moon ★

These days you find it easier to **stay calm when things go wrong**, because you're not getting swept up in panic the way you normally do. Your emotions feel more manageable and you can actually sit with difficult feelings instead of rushing to fix them or push them away. This stability gives you real space to think clearly about what you actually need, and people around you probably notice you're more grounded and reliable right now.

☉ Sun □ Square ♁ natal Chiron

These days you're more aware of where you feel inadequate or hurt, and this awareness is uncomfortable rather than helpful. You might find yourself **withdrawing from situations where you feel exposed or judged**, even if no one is actually criticizing you. Over the coming weeks, this self-doubt can make ordinary tasks feel harder than they should be, though it usually passes once the transit moves on.

♆ Neptune ♂ Opposition ♁ natal NNode

While this lasts, you may feel **unclear about which direction to take** in relationships or work, even when you normally have a clear sense of what matters to you. People around you might seem unreliable or send mixed signals, making it hard to know who to trust or what advice to follow. These weeks test your ability to stay grounded in what you actually know about yourself instead of drifting toward whatever feels easiest or most appealing.

♅ Uranus ♁ Quincunx ♂ natal Mars

Your usual way of pushing forward or getting things done feels slightly off right now, like your timing is consistently a beat late or your efforts land awkwardly. You might find yourself **starting projects with energy but then stopping to rethink your approach** halfway through, which can be frustrating if you're used to just powering through. Over the coming weeks, the practical answer is to build in extra adjustment time and expect that your first attempt at something physical or competitive may need a revision.

♃ Jupiter ♂ Opposition ♁ natal Chiron

Over the coming weeks, you are likely to **overestimate your ability to fix old wounds or help others with their pain**, which can leave you feeling deflated when reality doesn't match your optimism. *Jupiter* is pushing you to expand and take charge in areas where *Chiron* reminds you of your actual limits and vulnerabilities. The mismatch between what you think you should be able to do and what you can actually manage may create frustration or self-doubt during this period.

☉ Sun △ Trine ☾ Moon

These days you find it easier to know what you actually want and to ask for it without overthinking. Your emotional reactions line up with your real goals, so you move forward without fighting yourself. This is a good time to make decisions or have conversations because you sound genuine and people respond well to that.

☉ Sun ☐ Square ♃ Jupiter

Right now you're likely **overestimating what you can handle** and taking on more than makes practical sense. Sun square Jupiter pushes you to act bigger and bolder than your actual circumstances support, which sets you up for overcommitment and disappointment. The friction here teaches you where your real limits are, but only after you've already stretched too far.

☉ Sun ☿ Quincunx ♇ Pluto

Right now you might feel **out of step with your own needs**, as if what you want and what's actually happening don't quite match up. You notice yourself making small adjustments to stay in control of a situation, only to realize those tweaks aren't really working. This mismatch between your intentions and real results can leave you feeling frustrated until you accept that some things need to shift more completely than you planned.

LUNAR DAY

Moon in ♋ Pisces · Day 20 / 30 · Waning Gibbous

The boundary between personal and environmental moods blurs during this transit, making it easy to absorb the emotional state of whoever is nearby. Imagination and sensitivity both run higher, while clarity of thought and decision-making run lower for the next 48 hours.
