KEY TRANSIT FACTORS

♂ Mars ☌ Conjunction ☿ natal Mercury

Over the coming weeks, your mind works faster than usual and you're more likely to say what you think without filtering it first. You'll notice yourself jumping into conversations, arguing your point more forcefully, or getting impatient with slow explanations. This sharpness can help you cut through confusion or tackle problems directly, but it can also create friction if you're not aware of how blunt you're sounding.

☾ Moon ☌ Opposition ♅ natal Uranus

Right now you feel restless and want to break free from routines that suddenly feel suffocating. Your **need for sudden change clashes with your actual responsibilities**, leaving you irritable with people who expect you to stay consistent. Over the coming weeks, small frustrations can escalate into conflict unless you find a practical outlet for this agitation.

♀ Venus * Sextile ☉ natal Sun

Right now you find it easier to **be yourself around others** without overthinking or apologizing for who you are. People respond well to this natural confidence, and social interactions feel less effortful than usual. Over the coming weeks, this *Venus* support to your *Sun* makes it simpler to attract opportunities and build connections without forcing anything.

☿ Mercury ☐ Square ♂ natal Mars

Right now your thoughts move faster than your patience, and you're more likely to say things you'll regret in arguments or heated conversations. **You interrupt people, contradict them quickly, and struggle to listen** without jumping in with your own point. These next couple of weeks will test your ability to slow down before you speak, because your natural instinct is to react fast and hard.

☉ Sun ☐ Square ♆ natal Neptune

Right now you are **harder to pin down** — your priorities shift without warning and you struggle to follow through on what you said you would do. People around you get frustrated because you seem unreliable, when really you are just confused about what you actually want. These weeks are asking you to get clearer about your real goals instead of drifting between vague possibilities.

☉ Sun ☐ Square ☾ Moon

Right now your gut feelings and your sense of purpose are pulling in opposite directions. You might feel irritated with people close to you without knowing exactly why, or snap at someone when you meant to stay calm. This friction between what you want to do and what feels emotionally safe can push you to make real changes, but only if you stop and actually listen to both sides instead of just reacting.

☉ Sun ∟ Semi sextile ♀ Venus

Right now you find it easier to notice what you like about people around you, and that makes your social interactions feel smoother. You're more likely to **compliment someone without overthinking it** or suggest doing something enjoyable together. This isn't a dramatic shift, but these days small acts of kindness and warmth come more naturally to you.

☉ Sun ☿ Conjunction ♃ Jupiter

Right now you feel more confident about your abilities and less worried about what could go wrong. You are **more willing to take on bigger challenges** and speak up in situations where you normally stay quiet. This period tends to bring real opportunities your way because you are actually showing up differently, not because of luck.

LUNAR DAY

Moon in ♌ Leo · Day 8 / 30 · First Quarter

The social atmosphere becomes more expressive these days, with people more willing to share opinions and put themselves forward. The need to feel appreciated surfaces in small ways — a slower response to criticism, a stronger preference for being noticed.
