## KEY TRANSIT FACTORS

### ♇ Pluto ∟ Semi sextile ♃ natal Jupiter · peak 1 Jan ★

Over the coming weeks, you feel quietly **more willing to take practical steps toward your goals** without the usual second-guessing. *Pluto* is softly encouraging *Jupiter's* natural optimism, so small efforts you make tend to compound into real progress. This is a good time to act on plans you've been sitting with, because your confidence and follow-through are aligned right now.

### ☿ Mercury ∟ Semi sextile ♀ natal Venus · peak 13 Jan ★

Over the coming weeks, you find it easier to say what you actually appreciate about people instead of keeping quiet. Your conversations flow more naturally when you're being genuine about what matters to you. This small shift in how you communicate makes your relationships feel a bit warmer and less guarded.

### ☉ Sun \* Sextile ☾ natal Moon · peak 11 Jan ★

Right now you find it easier to **act on what you actually feel** instead of second-guessing yourself. Your *Sun* and *Moon* are working together, so your instincts match your choices and you trust your gut more readily. Over the coming weeks, people around you will likely respond well because you come across as genuine and settled in yourself.

### ♁ NNode △ Trine ♁ natal NNode · peak 23 Jan

Right now you find yourself **naturally moving toward people and situations that feel right for you**, without having to force or overthink the decision. You meet someone useful or stumble into an opportunity that aligns with what you actually want to be doing. This period supports you in following your instincts about where to put your effort, and doors tend to open when you do.

### ♅ Uranus △ Trine ☿ natal Mercury · peak 25 Jan

Your thinking becomes sharper and more original right now, and you find yourself spotting solutions that other people miss. You're willing to question old assumptions and try new approaches, which makes you **unusually flexible in conversations and problem-solving**. This is a good window to pitch ideas, learn something outside your normal interests, or tackle a complicated project that needs fresh perspective.

### ♆ Neptune \* Sextile ☿ natal Mercury · peak 4 Jan

Your mind feels more **flexible and imaginative** right now, making it easier to see connections between ideas that normally seem separate. You might find yourself writing more fluently, explaining things in ways people actually understand, or picking up creative projects without the usual self-criticism. This is a good window to explore new subjects, work on communication that requires empathy, or simply let your thinking become a bit more intuitive than usual.

### ♃ Jupiter qx Quincunx ♆ natal Neptune · peak 15 Jan

You're noticing a mismatch between what you want to believe and what the facts actually show you right now. **You're more inclined to overlook practical details** or convince yourself that things will work out without doing the legwork, and reality keeps pushing back. Over the coming weeks, your real challenge is to stay grounded instead of letting optimism override what you can actually see and verify.

#### ♃ Jupiter ☌ Quincunx ☾ natal Sun · peak 17 Jan

Over the coming weeks, you feel pulled toward bigger plans or ambitions but find the timing awkward — what looks promising on paper doesn't fit smoothly into your actual life right now. You may **start projects with real enthusiasm only to realize they need reworking** once you see how they actually slot into your schedule or resources. This period asks you to adjust your expectations rather than push forward unchanged, and that kind of practical recalibration takes patience.

#### ♆ Neptune △ Trine ♅ natal Pluto · peak 31 Jan

You're finding it easier to let go of situations that no longer serve you without drama or resistance right now. Your practical instincts are sharper about which changes are worth making and which problems will solve themselves if you stop pushing. *Neptune* trine *Pluto* gives you a **calm acceptance of transformation** that makes difficult decisions feel less like crises and more like natural course corrections.

#### ♅ Uranus ☌ Opposition ♅ natal Pluto · peak 1 Jan

You're running into situations where you feel your control slipping away, and it makes you uncomfortable. **You push harder to regain power** in exactly the areas where you have the least influence, which only creates more conflict with others. Over the coming weeks, you'll need to notice when you're fighting to keep things the same instead of accepting what you cannot change.

#### ♆ Neptune □ Square ♃ natal Jupiter · peak 31 Jan

Right now you are **overestimating what you can achieve** and making commitments based on wishful thinking instead of realistic assessment. Your usual confidence in your plans is being clouded by *Neptune*, so promises you make or goals you set are likely to fall apart once you try to execute them. Over the coming weeks, expect practical disappointment and the need to scale back or rebuild what you've rashly agreed to.

#### ♅ Uranus ☌ Quincunx ♃ natal Jupiter · peak 1 Jan

Over the coming weeks, you feel restless about plans or beliefs that used to satisfy you, and you may suddenly want to change direction even though you have not finished what you started. Your **impatience with the status quo** makes it hard to stick with practical commitments or long-term goals that require steady effort. The mismatch between your urge for something new and your actual responsibilities can leave you feeling scattered, so it helps to write down what you genuinely want before you act.

#### ♅ Pluto ☌ Conjunction ♂ natal Mars · peak 31 Jan

You feel a sharp increase in your need to control situations and push your agenda forward, making you more confrontational than usual. At the moment, you're likely to act on frustrations you've been sitting with, and small disagreements can escalate quickly because you're not filtering your reactions. **This directness and intensity** can clear the air or damage relationships, depending on whether you're channeling it into practical problems or just venting anger.

#### ♁ NNode ∟ Semi sextile ♄ natal Saturn · peak 31 Jan

Over the coming weeks, you find it easier to **follow through on commitments** without feeling weighed down by them. Your practical instincts are working well with your sense of direction, so you can make real progress on goals that matter. This is a good time to take on responsibility because you actually feel capable of handling it.

#### ♁ NNode □ Square ♃ natal Moon · peak 31 Jan

You are feeling **emotionally pulled in two directions** right now, wanting to stay comfortable while something pushes you toward unfamiliar social or practical territory. Your gut reactions clash with what people around you seem to expect, leaving you irritable and confused about what you actually need. Over the coming weeks, you will have to choose between repeating old emotional patterns or accepting that some relationships and routines no longer fit who you are becoming.

#### ♃ Jupiter Rx · ♌ Leo

Creative confidence and the desire to be seen or celebrated retreat inward during this period. Projects that were expanding boldly may need a quieter phase of consolidation and honest self-review. Evaluating what you are genuinely proud of versus what requires more work is the most honest use of this time.

## LUNATIONS

---

● New Moon · Friday, 8 Jan

### in ♄ Capricorn

long-term goals, ambition, structural reset

### in ♄ — Transformation

A new cycle around **deep transformation, shared resources, and what lies beneath the surface** is beginning. Financial matters involving joint money, inheritance, or debt may need fresh attention. On a deeper level, this lunation invites you to release something that no longer serves you and commit to genuine change. What you begin here has the potential to fundamentally alter how you use power, handle intimacy, and relate to loss and renewal.

○ Full Moon · Friday, 22 Jan

in ♌ Leo

recognition, drama, creative culmination

in H3 — Communication & Learning

A conversation, agreement, or learning process is reaching its culmination. Something that has been said or left unsaid is **demanding honest attention now**. The full moon illuminates your immediate environment — siblings, neighbors, short journeys, messages, and everyday exchanges. A truth that's been circling may finally land clearly. This is a moment to **complete a piece of writing, resolve a local dispute, or have the direct conversation** you've been avoiding.

#### KEY DATES

**Fri, 1 Jan** ☿ Uranus ♀ Opposition ♃ natal Pluto

**Mon, 4 Jan** ♆ Neptune ✕ Sextile ♀ natal Mercury

**Wed, 6 Jan** ♄ Chiron stations Direct

*Chiron* stationing direct means the **healing or learning process** you've been stuck on for months finally **moves forward again**, and you'll notice progress in whatever area felt frozen or repetitive. In practice, **clarity returns** about what actually helps—whether that's a health choice, a skill you're rebuilding, or how to handle a recurring problem—because you can see the full pattern now instead of going in circles. *Chiron* direct also lets you **stop second-guessing** what you've already figured out and start acting on those realizations, even if the fix isn't perfect.

**Thu, 7 Jan** ♀ Venus enters ♐ Sagittarius

*Venus* in *Sagittarius* brings a **looser, more generous** approach to spending and dating, with people tending to say yes to invitations and expensive outings rather than staying home. In relationships and work, this transit makes **honesty and directness** feel more important than keeping the peace, so conversations become blunter and less filtered. Most people notice they **want variety** — sticking with the same restaurant, routine, or person feels boring — and they're more willing to try something unfamiliar or travel to a new place.

**Fri, 8 Jan** New Moon in Capricorn

**Sun, 10 Jan** ♃ NNnode △ Trine ♃ natal NNnode

**Mon, 11 Jan** ♂ Mars stations Retrograde

♆ Neptune ✕ Sextile ♀ natal Mercury

*Mars* stationing retrograde often brings **delays and restarts** in projects, work deadlines, and physical activities—things that felt urgent suddenly move slower or need reworking. People commonly notice they feel less pushy, more willing to **reconsider decisions** they made before, and sometimes **old conflicts or rivalries** come back up that need settling. In practical terms, this is a good time to **revise plans** rather than launch new ones, fix broken equipment, and handle any pending arguments you've been avoiding.

**Wed, 13 Jan** ♀ Mercury enters ♒ Aquarius

*Mercury* in *Aquarius* brings **clearer, more direct communication** — people tend to say what they actually think instead of softening their words, which works well in meetings but can feel blunt in casual conversations. At work and in friendships, you'll notice **more focus on logic and ideas** rather than emotions, making this a good time for problem-solving but a trickier period if someone needs emotional support. *Aquarius* also pushes thinking toward the **bigger picture**, so conversations shift from daily complaints to plans, systems, and what-if scenarios that feel more interesting but less immediately practical.

**Sun, 17 Jan** ☿ Uranus △ Trine ♀ natal Mercury

**Wed, 20 Jan** ☉ Sun enters ♒ Aquarius

*Sun* in *Aquarius* brings a **shift toward independence** and a stronger need to do things your own way instead of following the usual pattern. At work and in conversations, you'll **notice people speak up more** about ideas that feel different or go against what everyone expects. In relationships and friendships, **distance often increases** slightly as people pull back to focus on their own projects and interests rather than staying close to the group.

**Fri, 22 Jan** Full Moon in Leo

**Sat, 23 Jan** ♃ NNnode △ Trine ♃ natal NNnode

**Sun, 24 Jan** ♃ Pluto ♂ Conjunction ♂ natal Mars

**Mon, 25 Jan** ☿ Uranus △ Trine ♀ natal Mercury

**Sun, 31 Jan** ♆ Neptune △ Trine ♃ natal Pluto

♃ Pluto ♂ Conjunction ♂ natal Mars

♃ NNnode □ Square ☾ natal Moon
