## SOLAR ANALYSIS

### Solar ASC ♌ Leo → natal H3 — Communication & Learning

Your mind, voice, and immediate environment take the lead this year. **Communication, learning, short travel, and relationships with siblings or neighbors** define the year's texture. This is a mentally active period where ideas flow readily, connections multiply, and daily exchanges carry more weight than usual. Writing, speaking, teaching, or study may become more central to your life. The clarity of your everyday conversations will determine much of what this year achieves.

### Dispositor ☉ Sun → ♄ Capricorn · natal H9 — Expansion & Beliefs

With the dispositor in the ninth house, the year's themes **express through expansion, belief, and exploration**. Travel, education, spiritual development, or philosophical inquiry become the vehicle through which the year's energy flows. Encounters with the unfamiliar — different places, ideas, or worldviews — are how this year's main work gets done. **Following curiosity into unfamiliar territory** is not a detour; it's the path.

### Singleton: ♃ Mercury (Air)

One planet carries all your rational thinking and social connection. Every conversation, analytical process, and exchange of ideas runs through this single point. When it functions well, you can be sharp, precise, and unusually clear in a particular mode of thinking. When it is challenged, mental clarity and ease of communication suffer at once rather than separately. **Your thinking is concentrated and specific** — you may have one very strong way of processing ideas while other modes of reasoning feel unnatural or tiring.

### ♃ Natal Jupiter → solar H6 cusp

0.4°

Your natural optimism shows up in practical ways this year, especially at work and in your health choices. **You bring generosity into your job** without losing track of what you actually need. Your confidence makes colleagues want to work with you. By staying consistent with simple routines, you see real improvements in how you feel.

### ♃ Solar Mercury → natal H10 cusp

0.8°

This year, *Mercury's* presence makes your words and ideas visible at work and in your career. You'll have more **opportunities to speak publicly** or take on communication roles. How you present yourself professionally will matter more than usual. Your **ability to explain ideas clearly** can open doors in your field.

### ♄ Solar Saturn → natal H11 cusp

0.9°

Your friendships and social circles come under scrutiny this year. You will see which people are real and which ones fade. **You stop hanging on to friendships that no longer work**. *Saturn* asks you to be honest about who actually shows up for you.

### ☉ Sun · solar H1/H2 rul. ♂ Conjunction ☉ natal Sun

Your sense of what you want from life becomes clearer right now, and you naturally act on it more directly. You feel more confident in social and professional situations, which means people respond better to you. This is a good window to start something new or push forward with a goal you've been sitting on.

### ☉ Sun · solar H1/H2 rul. ♂ Conjunction ♆ natal Neptune

Right now you're more **drawn to imagination and possibility than to facts**, which can make practical tasks feel boring or pointless. You might find yourself daydreaming at work, losing track of time, or making decisions based on how something feels rather than what actually makes sense. These few weeks are a good time to create or reflect, but a poor time to sign contracts or commit to concrete plans without checking the details twice.

### ♇ Pluto · solar H5 rul. \* Sextile ♅ natal Uranus

Right now you find yourself **willing to act on ideas you've been sitting with for months**, and the practical timing seems to line up surprisingly well. You're more comfortable than usual taking small risks or changing routines that no longer work, and people around you notice you seem decisive instead of stuck. These days this period gives you real momentum to experiment with new approaches in your work or daily habits without the usual second-guessing holding you back.

### ♇ Pluto · solar H5 rul. ☐ Square ♀ natal Venus

Your relationships feel strained right now as you become more critical of your partner or people close to you. You may notice yourself **withdrawing affection or testing whether people really care**, which often pushes them away further. Over the coming weeks, this pattern will force you to look honestly at what you actually want from your connections instead of settling for surface comfort.

### ♅ Uranus · solar H7/H8 rul. ♂ Conjunction ♃ natal Neptune

Right now you may find it harder to stick to routines or long-term plans because your thoughts keep shifting between different possibilities. You feel **restless with what's familiar** and want to try new approaches even if you haven't thought them through completely. These days your practical decisions can feel uncertain, so it helps to write things down and check them again before acting.

### ♂ Mars · solar H10 rul. ♃ Quincunx ♿ natal Mercury

These days you're noticing a mismatch between what you want to say and what actually comes out, making conversations feel awkward or incomplete. Your thoughts move fast but your words struggle to keep up, so you end up **revising what you've said mid-sentence or backtracking** to clarify yourself. This friction usually settles once you slow down and write things out before speaking, rather than trying to think and talk at the same time.

### ♂ Mars · solar H10 rul. ♂ Opposition ♀ natal Venus

Right now you're more **irritable in close relationships** and harder to please about how people treat you. You might pick fights over small things or feel like no one is giving you what you need, which pushes others away just when you want connection. These days the gap between what you want and what's actually happening feels wider, so patience with your partner or people you care about is wearing thin.

### ♂ Mars · solar H10 rul. ☐ Square ♇ natal Pluto

Right now you're running into situations where you want to control outcomes, but other people or circumstances push back hard. You might feel **frustrated and impatient** because your usual tactics aren't working, and the pressure makes you want to force things even more. Over the coming weeks, watch for moments where you're being stubborn or aggressive—stepping back will actually get you better results than doubling down.
