KEY TRANSIT FACTORS

☉ Sun ☐ Square ♅ natal Uranus ★

Right now you feel restless with your usual routines and **resist what you normally accept without question**. You might pick fights with authority figures or suddenly reject plans you agreed to weeks ago, leaving people confused by your sudden change of mind. Over the coming weeks, this friction with the establishment or your own habits will force you to decide what you actually want instead of what you think you should want.

♆ Neptune △ Trine ♅ natal Uranus

You find yourself **more willing to experiment with unconventional ideas** without the usual anxiety that normally holds you back. Your imagination is practical right now, which means you can actually turn creative impulses into something real instead of dismissing them as too strange or risky. Over the coming weeks, you'll notice you're more comfortable being yourself in social situations and less concerned with fitting into what others expect.

♃ Jupiter ☉ Opposition ♊ natal NNode

Over the coming weeks, you're likely to **overcommit yourself** and take on more than you can realistically handle. Your usual sense of what fits your life gets temporarily skewed, and you end up saying yes to opportunities that pull you away from what actually matters to you. This period asks you to notice where you're spreading yourself too thin and to start saying no more often.

♂ Mars ☐ Square ♂ natal Mars

Right now you feel **irritable and quick to react** to small frustrations that normally wouldn't bother you. Your impatience makes it hard to work through tasks methodically, and you might snap at people or rush into decisions you later regret. This friction between what you want to do immediately and what actually needs doing tends to create conflict at work and at home over the coming weeks.

♅ Uranus qx Quincunx ♇ natal Pluto

You feel an odd restlessness about situations you thought you had under control, and you're picking up on small details that suddenly seem important. Your impulse is to shake things up or take back power, but the timing never quite feels right, leaving you **frustrated by your own hesitation**. Over the coming weeks, small adjustments to your approach will work better than any dramatic move.

♃ Jupiter Rx · ♌ Leo

Creative confidence and the desire to be seen or celebrated retreat inward during this period. Projects that were expanding boldly may need a quieter phase of consolidation and honest self-review. Evaluating what you are genuinely proud of versus what requires more work is the most honest use of this time.

♄ Saturn Rx · ♊ Gemini

Mental discipline and consistency in communication are being tested right now. Projects that require sustained intellectual effort may expose areas where your commitment has been shallow. Returning to half-finished work rewards you more during this period than starting fresh.

☉ Sun ☌ Conjunction ☾ Moon

These days you feel more **aligned between what you want and what you feel**. Your emotional needs and your sense of direction match up, so you act with fewer doubts and less second-guessing yourself. This is a practical advantage when you need to make a choice or move forward on something that matters to you.

☉ Sun ∟ Semi sextile ♆ Neptune

These days you find it easier to **imagine things before you build them**, whether that's a project at work or how you want your living space to feel. The subtle connection between *Sun* and *Neptune* softens your usual need to rush into action, giving your practical plans a touch of creativity. This is a good time to sketch out ideas, talk through your vision with others, or sit with half-formed thoughts without needing immediate answers.

☉ Sun ☌ Conjunction ♄ Chiron

At the moment, you're more aware of your own weak spots and how they show up in everyday life. You might feel less confident than usual, or notice old patterns of self-doubt coming up without much warning. This is actually useful because **you can see yourself more clearly right now** — the discomfort is pointing you toward something real that deserves attention.
