KEY TRANSIT FACTORS

♅ Uranus ☿ Quincunx ♅ natal Uranus

You feel restless about routines that used to work for you, and small changes in your daily structure suddenly feel important to make. Your usual way of staying independent or rebelling against rules gets awkward or misaligned, like you are not sure whether to stick with what you know or push against it. Over the coming weeks, you might experiment more with how you organize your time or your space, testing what actually fits you right now.

♆ Neptune ☐ Square ♀ natal Venus

Right now you are **drawn to people and situations that are not what they seem**, and you will likely regret the time and money you invest in them. *Neptune* is blurring your judgment about what you actually want from relationships and what others can realistically give you. Over the coming weeks, pay close attention to the gap between the promises people make and what they actually deliver, because your usual ability to read a situation is temporarily offline.

☉ Sun ☿ Semi sextile ☾ natal Moon

These days you find it easier to **say what you actually feel** instead of keeping things bottled up. Your emotional needs and what you want to communicate are working together smoothly, so people around you are more likely to hear you out. This is a good window to have conversations you have been putting off or to express something that matters to you.

☉ Sun ♂ Conjunction ♅ natal Uranus

Right now you feel **restless with routine** and want to break free from things that feel predictable or limiting. You might suddenly quit a habit, change your appearance, or rearrange your life in ways that surprise even you. This impulse to shake things up is real, but it'll fade once the transit passes—so pause before making permanent decisions.

♀ Venus ☐ Square ♃ natal Jupiter

You are spending more freely right now and having trouble saying no to things you want, which can leave you short of money or overcommitted socially. Your **appetite for indulgence outpaces your actual resources**, and you may feel frustrated when reality pushes back against what feels like reasonable enjoyment. Over the coming weeks, the gap between what you want to give yourself and what you can actually afford will become hard to ignore.

♂ Mars Rx · ♈ Aries

Drive and initiative are available but misfire easily right now. You may start things with conviction and then lose momentum, or feel frustrated that effort does not produce the results it normally would. Avoid starting major new projects; redirecting existing efforts is more productive than launching fresh ones.

☉ Sun ☿ Opposition ☾ Moon

Right now you feel pulled in two directions at once, and it's hard to know what you actually want. You might notice yourself **acting one way in public and feeling something completely different inside**, which creates an awkward tension you can't ignore. This split between what you're showing others and what you're experiencing privately tends to make decisions feel impossible until the aspect passes.

☉ Sun ☾ Semi sextile ♿ Mercury

These days you find it easier to **say what you actually think** without overcomplicating things or getting stuck in your own head. Your mind and sense of purpose line up naturally, so explaining yourself to others feels straightforward rather than exhausting. This is a good window for conversations, presentations, or decisions where you need to be both clear and confident about what matters to you.

☉ Sun ☿ Quincunx ♅ Uranus

At the moment you feel pulled in two directions without clear reason, and small changes in routine throw you off balance more than usual. Your usual way of doing things no longer feels quite right, but you don't yet see what would work better, which creates **restless dissatisfaction**. These days minor adjustments in your practical life take more energy and patience than they should.

LUNAR DAY

Moon in ♈ Aries · Day 15 / 30 · Waxing Gibbous

Impatience with delays rises noticeably right now, and people act on whatever they want without much advance thinking. Short tempers and blunt reactions are more common for the next 48 hours.
