## KEY TRANSIT FACTORS

### ♂ Mars ☌ Opposition ♁ natal Chiron

Right now you are **quick to react defensively when anyone points out a weakness or mistake**, and this makes conversations harder instead of easier. Your old insecurities about not being good enough are closer to the surface, so small criticism stings more than usual. Over the coming weeks, you will need to catch yourself before snapping at someone who is only trying to help.

### ☉ Sun ☌ Conjunction ♂ natal Mars

You're running on more fuel than usual right now, and you're likely to **act on impulses faster than you normally would**. Your appetite for physical activity, competition, or getting things done goes up noticeably during these weeks. This burst of directness can help you tackle projects or stand up for yourself, though you might also notice you're more irritable if something gets in your way.

### ♃ Jupiter ☌ Semi sextile ♃ natal Jupiter

Over the coming weeks, you'll notice a quiet **boost in your confidence about making decisions** that affect your future. Small opportunities or lucky breaks show up without you having to push hard for them, and you feel more willing to say yes to them. This is *Jupiter* giving your natural optimism a gentle lift, so take advantage of any openings that match what you actually want right now.

### ♂ Mars ☐ Square ♃ natal Mercury

Right now you're more **quick to argue and interrupt** without thinking through what you're about to say. Your impatience makes it harder to listen, so conversations turn combative when they don't need to be. Over the coming weeks, you'll notice this pattern most at work or with people who challenge your ideas, and stopping to take a breath before you speak will save you real conflicts.

### ♃ Jupiter ☌ Semi sextile ♇ natal Pluto

While this lasts, you find yourself **willing to take small risks that push you past old limits**. You feel a quiet confidence in your ability to handle situations that normally feel too big or demanding, and you naturally start saying yes to opportunities you would have avoided before. Over the coming weeks, this steady courage tends to open doors that lead to real personal or professional growth.

### ☉ Sun ☌ Semi sextile ♃ natal Mercury

These days you find it easier to **say what you actually think** without overcomplicating things or getting stuck in your own head. Your mind and sense of purpose line up naturally, so explaining yourself to others feels straightforward rather than exhausting. This is a good window for conversations, presentations, or decisions where you need to be both clear and confident about what matters to you.

› Moon △ Trine ♄ Saturn

These days your **emotions feel steady and reliable** instead of all over the place. You can handle practical problems without getting upset, and people around you notice you're calmer than usual. This is a good time to sort out real issues because your feelings aren't getting in the way of clear thinking.

› Moon ♃ Quincunx ♅ Uranus

At the moment, your emotional needs and your urge to break free from routine are **pulling in opposite directions**, making it hard to know what you actually want. You might feel restless in situations that used to feel safe, or suddenly need independence just when you were settling into something comfortable. These conflicting impulses won't resolve quickly, so expect a few weeks of awkward adjustments as you figure out what needs to change.

LUNAR DAY

Moon in ♑ Capricorn · Day 26 / 30 · Last Quarter

**Focus narrows toward responsibilities** and unfinished obligations during this transit, with less tolerance for distraction or small talk. The emotional tone becomes more reserved and measured for the next 48 hours.
