KEY DATE

♀ Venus enters ♌ Leo

Venus in *Leo* brings a **shift toward directness in how people show affection** — instead of hints or subtlety, you'll notice clearer compliments, more obvious flirting, and straightforward declarations of interest. At work and in social settings, there's a natural **pull toward attention and admiration**, so people tend to dress differently, speak up more, and take on visible roles rather than staying behind the scenes. In relationships, this transit typically creates a **need for appreciation and genuine recognition**, which means partners who feel overlooked now actively seek out situations where they matter or stand out.

KEY TRANSIT FACTORS

☉ Sun * Sextile ☾ natal Moon ★

Right now you find it easier to **act on what you actually feel** instead of second-guessing yourself. Your *Sun* and *Moon* are working together, so your instincts match your choices and you trust your gut more readily. Over the coming weeks, people around you will likely respond well because you come across as genuine and settled in yourself.

☉ Sun □ Square ♅ natal Uranus ★

Right now you feel restless with your usual routines and **resist what you normally accept without question**. You might pick fights with authority figures or suddenly reject plans you agreed to weeks ago, leaving people confused by your sudden change of mind. Over the coming weeks, this friction with the establishment or your own habits will force you to decide what you actually want instead of what you think you should want.

♄ Saturn □ Square ♂ natal Mars

Right now you're running into delays and resistance whenever you try to push forward on anything. Your usual speed and confidence feel blocked, and you may notice **frustration building because things take twice as long as you expect**. This period is teaching you that forcing your way through doesn't work, though that lesson feels uncomfortable while you're living it.

♀ Venus * Sextile ♄ natal Saturn

Right now you find it easier to **follow through on commitments** without feeling overwhelmed or resentful about them. Your practical side and your emotional needs are working together instead of pulling in opposite directions, so you can say yes to plans or responsibilities and actually feel good about them. This is a good time to have honest conversations about what you want from your relationships, because you can express your needs without being defensive or distant.

♂ Mars ∟ Semi sextile ☾ natal Moon

These days you're finding it easier to act on what you actually feel instead of sitting with emotions until they build up. Your instinct to do something practical when you're upset or restless is working well for you right now. This **willingness to move forward emotionally** means small conflicts settle faster and you feel less stuck in your own moods.

☉ Sun ☐ Square ♂ Mars

Right now you feel **irritable and impatient** with anyone who moves slower than you want them to. Your frustration comes out quickly, and you might say things sharply or push for action before people are ready. This friction between what you want to do immediately and what actually needs to happen teaches you where your expectations don't match reality.

☉ Sun ☐ Square ♃ Neptune

Right now you are likely to **confuse what you want with what you imagine you want**, making it hard to set realistic goals or stick to decisions. People around you may seem unreliable or evasive, and you might notice yourself doing the same thing without meaning to. This period asks you to slow down and write things down before acting, because your usual sense of what is real gets cloudy.

☉ Sun ☒ Quincunx ♇ Pluto

Right now you might feel **out of step with your own needs**, as if what you want and what's actually happening don't quite match up. You notice yourself making small adjustments to stay in control of a situation, only to realize those tweaks aren't really working. This mismatch between your intentions and real results can leave you feeling frustrated until you accept that some things need to shift more completely than you planned.
