♁ North Node	in ♒ Aquarius	16°31'23"	VII Rx
♁ Lilith	in ♎ Libra	3°03'14"	III

## KEY DATE

### ♂ Mars enters ♏ Scorpio

*Mars* in *Scorpio* brings **sharper focus** and **longer attention span** — people tend to stick with difficult projects instead of jumping between tasks. In relationships and work, you'll notice more **direct confrontation** of problems that were ignored before, which can clear the air but also creates tension if handled carelessly. *Mars* here makes people **dig deeper** into whatever they're doing, whether that's research, fitness routines, or figuring out why something isn't working.

## KEY TRANSIT FACTORS

### ♀ Venus △ Trine ♁ natal NNode ★

Right now you find it easier to **connect with people who feel aligned with what you actually want**, rather than slipping into old patterns of pleasing everyone. Your social interactions feel less effortful because you are naturally drawn toward relationships and situations that match where you are heading. Over the coming weeks, you may notice you're making choices that feel genuinely yours instead of choices you think you should make.

### ♅ Uranus ∟ Semi sextile ♀ natal Venus

You're noticing small but real shifts in how you present yourself socially these days. You feel a bit more willing to try a different style, say something unexpected, or connect with people outside your usual circle. This **gentle openness to change** in your relationships and self-expression comes without pressure, so you can experiment and see what actually fits.

### ♀ Venus □ Square ☿ natal Mercury

Right now you're caught between what you want to say and what feels socially comfortable, so conversations come out muddled or you second-guess yourself constantly. Your **words don't match your real feelings**, which creates awkward moments where people don't understand your actual position. Over the coming weeks, you'll need to slow down and think before speaking, because the gap between your thoughts and your charm is wider than usual.

### ♂ Mars ∟ Semi sextile ♆ natal Neptune

Right now you're finding it easier to act on your creative ideas instead of just thinking about them. You have a practical instinct for knowing which intuitions are worth pursuing and which ones to set aside. This **grounded creativity** means you can turn daydreams into actual projects over these coming weeks.

### ♀ Venus ☍ Opposition ♁ natal Chiron

Right now you're noticing that people respond differently to you than usual, and it feels uncomfortable because old insecurities about your **likability and self-worth** are surfacing. You might find yourself either trying too hard to be liked or pulling away from social situations altogether, which makes real connection harder rather than easier. Over the coming weeks, this friction is an opportunity to see where you've been hiding your actual personality to fit in, but it will not feel good while it's happening.

♃ **Jupiter Rx** · ♊ **Gemini**

Learning and intellectual expansion turn inward during this period — ideas that felt promising when conceived now require honest evaluation. Information gathered quickly may benefit from slower, deeper processing. Connecting existing knowledge serves you better right now than gathering new material.

☉ **Sun** ⚡ **Semi sextile** ♀ **Venus**

Right now you find it easier to notice what you like about people around you, and that makes your social interactions feel smoother. You're more likely to **compliment someone without overthinking it** or suggest doing something enjoyable together. This isn't a dramatic shift, but these days small acts of kindness and warmth come more naturally to you.

☉ **Sun** ⚡ **Trine** ♃ **Uranus**

Right now you feel comfortable taking risks that normally make you anxious, and **you speak up about ideas you'd usually keep quiet**. Other people seem more receptive to what you have to say, and conversations naturally veer toward what could happen instead of what has always happened. This is a good time to propose changes at work, try something new socially, or make a practical decision you've been putting off.

☉ **Sun** ☐ **Square** ♇ **Pluto**

Right now you feel **pushed to prove yourself** in ways that feel uncomfortable or unnecessary. Everyone around you seems more irritable, defensive, or bent on getting their way without compromise. This period brings out the part of you that resists being told what to do, and small conflicts can quickly turn into power struggles.

★ = natal resonance — this transit echoes your birth chart, amplifying its influence

**LUNAR DAY**

Moon in ♊ Gemini · Day 19 / 30 · Full Moon

**Social activity picks up** for the next day or two, with conversations starting easily but rarely staying on one topic. A general restlessness makes it harder to finish tasks or sit with one idea long enough to go deep.

**CLOTHING & JEWELRY**

Friday · ♀ Venus · Venus in Gemini

Friday belongs to Venus — soft pink, rose, or pastel tones attract beauty and harmony. Rose quartz close to the heart enhances warmth and connection throughout the day.

**AREAS OF LIFE**
