## KEY TRANSIT FACTORS

### ♅ Uranus qx Quincunx ♃ natal Jupiter · peak 22 Feb

Over the coming weeks, you feel restless about plans or beliefs that used to satisfy you, and you may suddenly want to change direction even though you have not finished what you started. Your **impatience with the status quo** makes it hard to stick with practical commitments or long-term goals that require steady effort. The mismatch between your urge for something new and your actual responsibilities can leave you feeling scattered, so it helps to write down what you genuinely want before you act.

### ♄ Saturn qx Quincunx ♆ natal Neptune · peak 4 Feb

Right now you're noticing the gap between what you imagine and what actually works in practice. You feel caught between wanting to escape reality and knowing you have real responsibilities that need attention. This uncomfortable mismatch forces you to make small adjustments to your plans, even if it feels frustrating at the moment.

### ♃ Jupiter qx Quincunx ☿ natal Mercury · peak 1 Feb

Right now your thinking feels scattered when you try to tackle detailed work or organize your thoughts. You may notice yourself making careless mistakes in writing or communication because your **attention keeps jumping between ideas** instead of staying focused. Over the coming weeks, double-checking your work and writing things down before speaking will help you actually complete what you start.

### ♃ Jupiter Δ Trine ♀ natal Venus · peak 24 Feb

Right now you're naturally more **generous and open-handed** with people around you, and they notice. You find it easier to say yes to invitations, spend money on things that bring you joy, and let others see you enjoying yourself without guilt. This practical shift in how you move through social situations tends to bring more warmth back to you from the people in your life over these coming weeks.

### ♃ Jupiter ♂ Conjunction ♁ natal NNode · peak 11 Feb

Over the coming weeks, you're likely to **say yes to opportunities that normally wouldn't interest you**, and many of them will turn out better than expected. People seem to trust you more easily right now, which makes networking and making new contacts feel natural rather than forced. This is a practical window to expand your professional circle or take on projects that stretch your skills in ways you've wanted to for a while.

### ♄ Saturn ∟ Semi sextile ♄ natal Saturn · peak 1 Feb

You find it easier to stick with practical commitments right now without feeling weighed down by them. **Your natural discipline** shows up when you need it most, whether that's finishing a project or keeping promises to yourself. Over the coming weeks, small progress on something you've been putting off will feel surprisingly manageable.

### ♄ Chiron ☐ Square ♂ natal Mars · peak 1 Feb

Right now you're running into situations where your usual way of pushing forward feels blocked or clumsy, and you're **second-guessing your own strength**. You might notice old injuries or physical vulnerabilities flaring up, or you feel awkward and uncertain when you'd normally act with confidence. Over the coming weeks, this friction between doubt and action can actually show you where you're forcing things instead of thinking them through first.

### ♃ Jupiter \* Sextile ♄ natal Chiron · peak 1 Feb

Over the coming weeks, you find it easier to talk about your past difficulties without getting stuck in them. When something painful comes up, you can **acknowledge it and move forward** rather than dwelling on old hurts. This practical shift makes your conversations with friends or a therapist more productive, and you actually feel lighter afterwards.

### ♆ Neptune \* Sextile ♃ natal NNode · peak 28 Feb

Over the coming weeks, you find it easier to **trust your instincts about what matters to you**, and this makes decisions about your direction feel less forced. People around you respond well to your openness right now, and conversations naturally turn toward what you actually care about rather than what you think you should want. This is a good time to explore interests that have been calling to you quietly, because your imagination and your sense of purpose are working together instead of pulling in different directions.

### ♃ Jupiter ♂ Conjunction ♂ natal Mars · peak 28 Feb

You feel **more confident taking action** on things you've been putting off, and people respond to your directness right now. Your appetite for challenge increases, whether that's physical activity, competitive situations, or just pushing yourself harder at work. Over the coming weeks, watch that you don't overcommit or mistake eagerness for actual readiness, because this boost is temporary.

### ♅ Uranus ☐ Square ♃ natal Pluto · peak 28 Feb

You feel a strong urge to blow up situations that have felt stuck for a long time, and this impulse is hard to ignore right now. Your **need for sudden change clashes with your instinct to maintain control**, which creates real friction in your decisions and relationships. Over the coming weeks, you may act impulsively on things you normally handle with calculation, and the fallout could be messy because you're not thinking through the practical consequences.

### ♃ Pluto ☐ Quincunx ♃ natal Mercury · peak 1 Feb

While this lasts, you may notice that your usual way of explaining yourself stops landing the way it normally does. Your thoughts feel scrambled when you try to communicate what you actually mean, and others seem to misunderstand your point more often than usual. This **mental friction** between what you think and what comes out is temporary, so slowing down before you speak or write can help bridge the gap.

### ♃ Pluto ♂ Conjunction ♃ natal NNode · peak 28 Feb

Over the coming weeks, you're likely to feel **drawn toward situations that demand you shed old patterns and step into unfamiliar territory**. People and opportunities that previously felt outside your reach may suddenly appear, pushing you to make choices that feel risky but necessary. This period can feel intense and uncomfortable because you're being forced to confront what you've outgrown.

### ♃ Pluto \* Sextile ♄ natal Chiron · peak 1 Feb

Right now you find it easier to **talk about past hurts without getting stuck in them**, which means conversations about difficult experiences feel less raw than usual. You're more willing to listen to other people's pain too, and they seem to respond by opening up to you in ways that deepen your relationships. Over the coming weeks, this natural confidence in handling hard topics gives you a practical advantage in resolving conflicts that have been hanging around.

### ♆ Neptune ☐ Square ♃ natal Mercury · peak 1 Feb

Your thinking feels foggy right now, and you struggle to organize your thoughts into clear sentences or plans. You may say things you don't fully mean, misunderstand what others are telling you, or find yourself **second-guessing decisions** you would normally make quickly. Over the coming weeks, you will need to double-check important information and avoid signing contracts or making commitments until this confusion lifts.

### ♄ Saturn Rx · ♋ Cancer

The structures that support emotional security — family obligations, domestic arrangements, and habitual patterns of care — are being reassessed right now. Boundaries in close relationships may feel either too rigid or insufficiently maintained. Honest reflection on what genuinely sustains you yields more now than seeking external reassurance.

### in H1 — Self & Identity

Something significant about your identity and self-presentation is coming to a head. A situation that has been developing is now reaching a **turning point involving your confidence, independence, or personal direction**. Others see you clearly now — which can bring recognition but also reveals whatever you've been projecting unconsciously. Decisions made at this peak about how you want to show up in the world will carry lasting weight. Your personal needs deserve to come first.

### KEY DATES

---

**Tue, 1 Feb** ♄ Chiron □ Square ♂ natal Mars

♃ Jupiter \* Sextile ♄ natal Chiron

**Fri, 4 Feb** ♃ Mercury enters ♋ Pisces

*Mercury* in *Pisces* makes your thinking **slower and less direct** — you'll notice yourself taking longer to find the right words, or changing your mind mid-conversation. In work and daily tasks, this transit rewards **intuition and pattern-spotting** over step-by-step logic, so you might solve problems by sensing what feels right rather than working through details. Relationships often improve because you're more **willing to listen without interrupting** and pick up on what people aren't saying aloud, though you may struggle to explain your own point clearly.

**Sat, 5 Feb** ♀ Venus enters ♈ Aries

*Venus* in *Aries* tends to make people more **direct about what they want**, especially in relationships and social situations where they'd normally hold back. You might notice yourself **speaking up sooner** instead of waiting or overthinking, and others responding to that straightforward approach. At work and in friendships, this transit often brings **faster decisions** and less time spent on small talk or people-pleasing.

**Sun, 6 Feb** ♂ Mars enters ♐ Sagittarius

*Mars* entering *Sagittarius* brings a shift toward **bigger goals and faster action** — people tend to stop sweating small details and push harder for what matters most. In relationships and work, you'll notice more **directness and impatience** with anything that feels like a waste of time, which can speed things up or create friction depending on how bluntly people speak. The practical upside is that **ambitious projects move forward** and people take risks they'd normally avoid, though they may also start more things than they finish during this transit.

**Fri, 11 Feb** ♃ Jupiter ♂ Conjunction ♋ natal NNNode

**Sun, 13 Feb** Full Moon in Leo

**Mon, 14 Feb** ♄ Chiron □ Square ♂ natal Mars

**Fri, 18 Feb** ☉ Sun enters ♋ Pisces

*The Sun* moving into *Pisces* shifts attention toward **listening and flexibility** for the next month, making people naturally more **willing to adjust plans** instead of pushing forward rigidly. At work and in relationships, you'll notice others become **harder to pin down** — deadlines slip, people change their minds, and vague agreements replace firm commitments, which requires patience rather than frustration. *Pisces* season softens the usual drive to compete or win, so **collaboration and going with the flow** tend to work better than direct pressure during this time.

**Sat, 19 Feb** ♃ Mercury stations Retrograde

When *Mercury* stations retrograde, **communication breakdowns and misunderstandings** become noticeably more common in daily life. Emails get lost, conversations get tangled, and people often need to **repeat themselves or clarify** what they meant the first time around. Travel plans, contracts, and tech devices tend to **glitch or require fixes**, so most people find themselves troubleshooting problems they thought were already solved.

**Sun, 20 Feb** ♃ Neptune \* Sextile ♋ natal NNNode

♅ Uranus □ Square ♇ natal Pluto

**Thu, 24 Feb** ♃ Jupiter △ Trine ♀ natal Venus

**Mon, 28 Feb** ♀ Venus stations Retrograde

♃ Neptune \* Sextile ♋ natal NNNode

♅ Uranus □ Square ♇ natal Pluto

♇ Pluto ♂ Conjunction ♋ natal NNNode

*Venus* stationing retrograde often brings **delayed decisions** in relationships and money — you might feel unsure about commitments or put off purchases you normally wouldn't hesitate on. People commonly **reconnect with exes** during this period, or **revisit old financial choices** that didn't sit right the first time. *Venus* retrograde tends to slow down **new relationships and deals**, so timing matters more than usual — what feels stuck now often moves again once the planet shifts direct.
