## KEY TRANSIT FACTORS

### ☾ Moon △ Trine ♆ natal Neptune

Your **imagination feels more accessible right now**, and creative ideas come to you more easily than usual. You're also more **attuned to what people around you need emotionally**, picking up on moods and unspoken feelings without effort. These days your intuition works in your favour, especially when you're making decisions or trying to understand a difficult situation.

### ♀ Venus \* Sextile ♁ natal NNode

Over the coming weeks, you find it easier to **say yes to people and opportunities that feel right**, without overthinking or second-guessing yourself. Your social confidence picks up naturally, and others respond well to you because you're more relaxed and genuine in conversations. This is a good time to accept invitations, start conversations with people who matter to you, or take a small social risk you've been considering.

### ♀ Venus ♂ Conjunction ♂ natal Mars

You feel more **confident and direct about what you want**, whether in romantic or social situations. These days you're more likely to make the first move, express attraction openly, or simply go after something that interests you instead of waiting. This confidence usually works in your favour, though it can fade quickly once the transit ends.

### ♅ Uranus △ Trine ♇ natal Pluto

You find yourself **taking practical action on changes you've wanted to make** without getting stuck in overthinking or self-doubt. This period brings a natural confidence that old patterns no longer serve you, so you move forward with less resistance than usual. Over the coming weeks, you're more likely to follow through on those shifts you've been planning instead of just talking about them.

### ☾ Moon \* Sextile ♇ natal Pluto

Right now you find it easier to talk about things that usually feel too difficult or personal. Your **willingness to be honest** about what you actually feel creates real connection with the people around you. Over the coming weeks, this openness helps you work through old emotional patterns without getting stuck in them.

### ☉ Sun △ Trine ♂ Mars

Right now you feel **capable and ready to act** on things you've been thinking about. You have the psychological boost to start projects or push through obstacles without burning out or getting frustrated. This period makes practical effort feel natural instead of forced.

### ☉ Sun \* Sextile ♃ Jupiter

These days you feel more **willing to take reasonable risks** and try things you've been putting off. People around you seem more generous with their time and help, making it easier to move forward on practical goals. This period brings a straightforward boost to your confidence without the pressure to overcommit or perform.

## ☉ Sun ☿ Quincunx ♄ Chiron

Right now you notice small practical problems in areas where you thought you had things figured out. Your confidence runs into situations that don't quite fit your usual approach, and you have to **adjust your methods rather than push through**. This mismatch between what you expected and what's actually happening is the main feature of these days, and it often leads to useful corrections if you pay attention.

### LUNAR DAY

Moon in ♌ Leo · Day 5 / 30 · Waxing Crescent

**The social atmosphere becomes more expressive** these days, with people more willing to share opinions and put themselves forward. The need to feel appreciated surfaces in small ways — a slower response to criticism, a stronger preference for being noticed.

### CLOTHING & JEWELRY
