## KEY DATE

### ☿ Mercury stations Retrograde

When *Mercury* stations retrograde, **communication breakdowns and misunderstandings** become noticeably more common in daily life. Emails get lost, conversations get tangled, and people often need to **repeat themselves or clarify** what they meant the first time around. Travel plans, contracts, and tech devices tend to **glitch or require fixes**, so most people find themselves troubleshooting problems they thought were already solved.

## KEY TRANSIT FACTORS

### ♇ Pluto ☿ Quincunx ☾ natal Moon ★

These days you feel like your emotions don't quite fit the situation, so you keep adjusting how you respond to people without really understanding why. Your instinct is to **control how much you show of yourself**, which can leave you feeling disconnected even in conversations that matter. Over the coming weeks, noticing this pattern of holding back will help you figure out what you actually need rather than just managing what others might think.

### ♇ Pluto ∟ Semi sextile ♅ natal Uranus ★

These days you're picking up on small ways you could shake up your routines without upending your whole life, and you're **moving on these ideas gently instead of fighting yourself**. A shift you've been resisting for months suddenly feels possible because you see how to do it step by step rather than all at once. Over the coming weeks, you'll likely surprise yourself with how much you can actually change when you stop waiting for permission.

### ☿ Mercury ☾ Opposition ☿ natal Mercury

Over the coming weeks, your thinking becomes scattered and your words often miss the mark with other people. You find yourself arguing over small details, misunderstanding what others mean, and struggling to explain what you actually want. This **mental friction** pushes you to slow down and check your assumptions before you speak, even though it feels frustrating right now.

### ☿ Mercury \* Sextile ♄ natal Saturn

Your thinking becomes **clearer and more organized** right now, making it easier to plan projects and solve practical problems. You naturally focus on what actually matters instead of getting distracted, and people notice you're easier to talk to because you explain things well. This is a good time to handle details, write things down, or have conversations about serious topics since your mind and your ability to follow through line up perfectly.

### ☿ Mercury ☾ Opposition ☉ natal Sun

Over the coming weeks, you'll find your usual way of explaining yourself runs into brick walls with the people who matter most. **You say things that land poorly or come across as defensive even when you don't mean to**. This mismatch between what you're thinking and how others hear you creates real friction in conversations, especially at work or at home.

### ♿ Mercury Rx · ♊ Gemini

Information overload and communication mix-ups are more likely right now than at other times. You may find yourself re-reading, misunderstanding, or having to repeat conversations that should have been straightforward. Slow down with written communications in particular — errors sneak through when you feel most certain.

### ♂ Mars Rx · ♐ Sagittarius

The drive to expand, travel, or pursue big goals hits practical obstacles during this period. Restlessness and impatience with limitations are higher than usual, but action taken from frustration tends to misfire. Reviewing your longer-term direction is more rewarding now than forcing movement toward it.

### ☉ Sun ☍ Opposition ♇ Pluto

Right now you are more aware of what you cannot control, and this awareness makes you feel **powerless in situations where you normally feel in charge**. People around you may seem to be testing your authority or questioning your decisions in ways that feel personal. This period brings psychological friction because your sense of self is bumping up against forces larger than your willpower.

### ☾ Moon qx Quincunx ♿ Mercury

At the moment your *Moon* and *Mercury* are at odds, which makes it hard to say what you actually feel without overthinking it first. You might notice yourself **second-guessing your own reactions** or explaining your emotions in ways that don't quite fit the actual situation. This awkward angle between emotion and thinking tends to create mild frustration until you accept that some feelings just don't translate neatly into words.

### ☾ Moon qx Quincunx ♀ Venus

Right now your emotional needs and what you want socially are slightly out of sync, so you might feel pulled in two directions. You could notice yourself wanting comfort and closeness at times when you'd rather stay independent, or the opposite. This **mismatch between feeling and wanting** is temporary, and noticing it is the first step to working with it instead of against it.

## LUNAR DAY

Moon in ♏ Scorpio · Day 14 / 30 · Waxing Gibbous

**Psychological intensity rises** for the next 48 hours, and surface-level talk becomes noticeably less satisfying. People read into what others leave unsaid more than usual, and private matters feel more pressing.

## CLOTHING & JEWELRY

Monday · ☾ Moon · Venus in Sagittarius

Monday belongs to the Moon — wear silver, white, or soft green tones. Moonstone or pearl as a pendant or ring amplifies the day's intuitive, nurturing energy.
