KEY TRANSIT FACTORS

♂ Mars ☐ Square ☽ natal Moon ★

Right now you are **more irritable than usual**, especially when someone questions your feelings or tells you to calm down. Your emotional reactions feel faster and stronger, and you may say things in anger that you later regret. Over the coming weeks, watch for moments when you're snapping at people close to you over small things that normally wouldn't bother you.

☽ Moon ★ Sextile ♅ natal Uranus

Right now you feel more willing to break your normal routines and try something different, and **your mood actually improves when you do**. You might suddenly want to rearrange your space, change your schedule, or suggest a new activity to friends, and these small shifts feel genuinely refreshing rather than disruptive. Over the coming weeks, trust this impulse to experiment because your emotional state actually responds well to novelty and independence right now.

♆ Neptune ☐ Square ☽ natal Moon

Your emotional life feels foggy and unreliable these days, making it hard to trust what you actually feel or what others are telling you. You may find yourself **withdrawing from people or losing interest in activities that usually matter to you**, without being able to explain why. Over the coming weeks, your gut instincts are working against you, so it helps to stick to concrete facts and avoid making big decisions based on how you feel right now.

♃ Jupiter ∟ Semi sextile ♇ natal Pluto

While this lasts, you find yourself **willing to take small risks that push you past old limits**. You feel a quiet confidence in your ability to handle situations that normally feel too big or demanding, and you naturally start saying yes to opportunities you would have avoided before. Over the coming weeks, this steady courage tends to open doors that lead to real personal or professional growth.

☽ Moon △ Trine ☽ natal Moon

Right now you feel **emotionally settled** and less reactive to small annoyances that normally wind you up. People around you notice you're easier to be with because you're not second-guessing yourself or getting stuck in your own head. This window of *Moon* trine *Moon* support lasts a few weeks, so use it to handle conversations or decisions you've been putting off.

☉ Sun ∟ Semi sextile ♀ Mercury

These days you find it easier to **say what you actually think** without overcomplicating things or getting stuck in your own head. Your mind and sense of purpose line up naturally, so explaining yourself to others feels straightforward rather than exhausting. This is a good window for conversations, presentations, or decisions where you need to be both clear and confident about what matters to you.

› Moon ☐ Square ♀ Venus

Right now your **emotional needs feel at odds with what you actually want** — you might crave closeness but feel irritable when someone gets near, or want to be alone but then feel rejected. This mismatch between *Moon* and *Venus* makes it harder to communicate what you need without sounding demanding or cold. Over the coming weeks, pay attention to these moments so you can spot the pattern and name it out loud before resentment builds up.

› Moon ∟ Semi sextile ♂ Mars

These days you have a natural **willingness to take action on what matters to you emotionally**. You notice you can speak up about your needs without getting defensive, and people respond better because you sound calm instead of urgent. This period gives you just enough psychological momentum to move on something you've been sitting with for weeks.

LUNAR DAY

Moon in ♍ Virgo · Day 4 / 30 · Waxing Crescent

Attention sharpens on what is not working right now — small errors and inefficiencies become harder to ignore than usual. **The tendency to organize, correct, and refine** runs stronger for the next day or two, sometimes at the cost of the bigger picture.
