## KEY TRANSIT FACTORS

### ☾ Moon □ Square ♂ natal Mars ★

These days you are **more irritable than usual and quicker to snap at people** over small things. Your emotional state is raw right now, and your usual patience for waiting or compromising has worn thin. Over the coming weeks, you may find yourself picking fights or pushing people away when what you actually need is to slow down and let this restless mood pass.

### ☉ Sun △ Trine ♁ Chiron ★

Right now you find it easier to **talk about what actually happened to you** without getting defensive or ashamed. Your practical ability to understand your own patterns improves, and you can explain your mistakes to others without needing to apologize repeatedly. This makes conversations feel clearer and less emotionally exhausting than usual.

### ☉ Sun ∟ Semi sextile ♁ natal Chiron

These days you are **more willing to acknowledge your own past difficulties without dwelling on them**. You find yourself talking openly about old hurts or disappointments with a calm, practical tone that surprises others. This gentle support from *transiting Sun* to your natal *Chiron* makes emotional conversations feel lighter and less raw.

### ☉ Sun ∟ Semi sextile ♃ natal Jupiter

You feel **quietly more confident** about what you want to achieve right now, and small opportunities seem to show up without much effort on your part. Your mood is steadier than usual, and you find yourself saying yes to social or professional chances that normally would make you hesitant. Over the coming weeks, this sense of gentle support can help you move forward on something you've been thinking about.

### ♀ Venus qx Quincunx ♅ natal Uranus

These days you may feel **restless in your close relationships**, wanting something different but unsure what that looks like. You might push for more independence or suddenly lose interest in routines that felt comfortable before. This awkward pull between wanting connection and needing freedom will likely fade as *Venus* moves on, but while it lasts you'll notice yourself acting unpredictably in social situations.

### ♅ Uranus qx Quincunx ♂ natal Mars

Your usual way of pushing forward or getting things done feels slightly off right now, like your timing is consistently a beat late or your efforts land awkwardly. You might find yourself **starting projects with energy but then stopping to rethink your approach** halfway through, which can be frustrating if you're used to just powering through. Over the coming weeks, the practical answer is to build in extra adjustment time and expect that your first attempt at something physical or competitive may need a revision.

### ♃ Jupiter Rx · ♎ Libra

The growth of partnerships and social connections pauses for internal review during this period. Beliefs about fairness, collaboration, and what constitutes a good agreement are being quietly re-examined. Clarifying what you genuinely want from close relationships matters more right now than what seems reasonable on the surface.

### › Moon ☾ Opposition ♀ Mercury

Right now your feelings and your thoughts are pulling in different directions, which makes it hard to say what you actually mean. You might feel upset about something but explain it in a way that sounds cold or defensive, so people don't understand what's really bothering you. This mismatch between what you feel and what you say creates **confusion in conversations**, and you'll likely need to circle back later to clear things up.

### › Moon ♄ Quincunx ♀ Venus

Right now your emotional needs and what you want socially are slightly out of sync, so you might feel pulled in two directions. You could notice yourself wanting comfort and closeness at times when you'd rather stay independent, or the opposite. This **mismatch between feeling and wanting** is temporary, and noticing it is the first step to working with it instead of against it.
