KEY TRANSIT FACTORS

♇ Pluto ☌ Conjunction ♀ natal Venus

You're experiencing **unusually intense feelings about your relationships and what you want from them**. Your attractions feel deeper and more serious than usual, and you may find yourself wanting to control or reshape a partnership in some way. These shifts won't last long, but while *Pluto* is conjunct your natal *Venus*, expect your emotional needs to feel non-negotiable.

♀ Venus * Sextile ☿ natal Mercury

Right now you find it easier to say what you actually mean, and people respond well to your honesty. Your **words carry more warmth**, so conversations that usually feel difficult become straightforward and even enjoyable. Over the coming weeks, this natural ease with communication can help you sort out misunderstandings or simply connect more deeply with the people around you.

♊ NNode ☌ Quincunx ♁ natal Uranus

Your usual way of handling change feels awkward right now, like your instinct for independence is out of sync with what you actually need to do. You might notice yourself wanting to break free from something at the same time you're supposed to be working within a system or commitment. **The mismatch between your need for freedom and your practical obligations** creates low-level friction that makes decisions harder than they should be, and this typically settles down over the coming weeks.

♀ Venus * Sextile ☉ natal Sun

Right now you find it easier to **be yourself around others** without overthinking or apologizing for who you are. People respond well to this natural confidence, and social interactions feel less effortful than usual. Over the coming weeks, this *Venus* support to your *Sun* makes it simpler to attract opportunities and build connections without forcing anything.

♊ NNode ☌ Semi sextile ☾ natal Moon

While this lasts, you find it easier to **listen to what you actually need** instead of pushing through discomfort. People around you tend to respond well to you right now because you're more relaxed and genuine in conversations. Over the coming weeks, small emotional hurdles feel less like obstacles and more like things you can work through naturally.

☉ Sun ☐ Square ☾ Moon

Right now your gut feelings and your sense of purpose are pulling in opposite directions. You might feel irritated with people close to you without knowing exactly why, or snap at someone when you meant to stay calm. This friction between what you want to do and what feels emotionally safe can push you to make real changes, but only if you stop and actually listen to both sides instead of just reacting.

☉ Sun △ Trine ♂ Mars

Right now you feel **capable and ready to act** on things you've been thinking about. You have the psychological boost to start projects or push through obstacles without burning out or getting frustrated. This period makes practical effort feel natural instead of forced.

☉ Sun ∟ Semi sextile ♃ Jupiter

These days you feel a bit more **optimistic about your abilities** and willing to take on new projects. Small wins come easier right now because you're not overthinking things or waiting for perfect conditions. This is a good time to start something you've been putting off, since your confidence has a gentle boost and you're likely to see early progress.
