KEY DATE

♀ Venus enters ♎ Libra

Venus entering *Libra* tends to make people **more interested in balance** in their relationships, so you might find yourself paying attention to fairness and give-and-take in ways you didn't before. At work and in social settings, this shift often brings **better communication** — people speak up more clearly about what they want and listen better to others' opinions. When it comes to decisions about money or appearance, expect **more weighing of options** rather than quick choices, since *Libra's* influence pushes people toward considering multiple sides before making up their minds.

KEY TRANSIT FACTORS

♂ Mars * Sextile ♋ natal NNode *

You're finding it easier to take action on things that actually matter to you right now. **You speak up more directly** in conversations and situations where you've normally held back, and people respond well instead of shutting you down. Over the coming weeks, small risks you take—like saying no, trying something new, or standing up for what you want—tend to work out, giving you real momentum toward goals that feel genuinely yours.

♀ Venus ∟ Semi sextile ♄ natal Saturn

You find it easier right now to **be honest about what you actually want** instead of settling for less. This isn't dramatic or pushy—it's just a quiet clarity that helps you say no to things that don't fit and yes to people and situations that matter. Over the coming weeks, you might notice relationships and commitments feel more solid because you're not pretending or overcommitting.

♇ Pluto * Sextile ♅ natal Uranus

Right now you find yourself **willing to act on ideas you've been sitting with for months**, and the practical timing seems to line up surprisingly well. You're more comfortable than usual taking small risks or changing routines that no longer work, and people around you notice you seem decisive instead of stuck. These days this period gives you real momentum to experiment with new approaches in your work or daily habits without the usual second-guessing holding you back.

☿ Mercury □ Square ☉ natal Sun

Right now you're likely to **second-guess your own opinions** and struggle to communicate what you actually think. People may misunderstand your words or you may find yourself contradicting yourself mid-conversation, which creates friction with others. Over the coming weeks, you'll need to slow down before speaking and accept that getting your point across will take more effort than usual.

♆ Neptune qx Quincunx ♂ natal Mars

Over the coming weeks, you may find your usual drive and confidence feel slightly out of sync with what's actually happening around you. Your instinct to act or push forward keeps bumping up against situations that need a softer touch or more patience than you'd normally give them. **You're more likely to second-guess your own strength**, which can work either way—sometimes holding back saves you trouble, and sometimes it just creates frustration with yourself.

☉ Sun ☐ Square ♄ Saturn

Right now you're running into real obstacles when you try to move forward with what you want. **You feel blocked by rules, other people's expectations, or your own self-doubt**, and pushing harder usually just makes things worse. The practical thing to do is slow down, check what's actually realistic, and accept that some goals need more time or a different approach.

☉ Sun ☌ Opposition ♆ Neptune

Right now you are **more likely to feel confused about what you actually want** because the gap between your real goals and your wishful thinking is wider than usual. You might make promises you cannot keep or agree to things without checking the practical details first. The emotional fog makes it harder to trust your own judgment, so this is a good time to ask someone else before you commit to anything important.

☾ Moon △ Trine ☌ Mars

Right now you feel like acting on what matters to you instead of overthinking it. **Your emotions and your willingness to do things are working together**, so a project you've been hesitant about suddenly feels doable. These days small tasks get done faster and conversations feel easier because you're not second-guessing yourself.
