KEY TRANSIT FACTORS

☾ Moon ☿ Opposition ♀ natal Venus

Over the coming weeks, you feel **emotionally disconnected from the people you care about**, even when you are physically close to them. Your usual warmth and interest in others gets pulled inward, making you seem withdrawn or critical in social situations. This mismatch between what you normally feel and what you actually feel right now can create awkward moments in your relationships until this period passes.

♅ Uranus ♂ Conjunction ♁ natal Chiron

You're noticing old patterns or habits that no longer work, and you feel a sudden urge to break free from them rather than manage them as you usually do. This impulse to change can feel **urgent and restless**, making it hard to stick with your usual coping methods. Over the coming weeks, you may find yourself experimenting with completely different approaches to problems you thought you had figured out.

♁ NNode ♁ Quincunx ♀ natal Venus

Right now you're noticing a mismatch between what you want in relationships and what actually feels right for you. You might say yes to social invitations or romantic gestures while feeling oddly disconnected from them at the same time. Over the coming weeks, pay attention to what your gut is telling you about your connections, because your head and heart aren't quite lined up.

♅ Uranus * Sextile ♃ natal Jupiter

These days you're spotting opportunities that other people miss, and you have the confidence to act on them without overthinking. You feel **more willing to take calculated risks** in practical matters like work or finances, and things that seemed impossible a few weeks ago suddenly feel doable. This is a good time to pitch ideas, pursue opportunities you've been curious about, or make changes that align better with what you actually want.

☿ Mercury ☐ Square ♀ natal Venus

Right now your words and your feelings are out of sync, so you say things that hurt people you care about without meaning to. You notice **blunt honesty replacing your usual tact**, and conversations that should feel warm come across as cold or critical instead. Over the coming weeks, pay attention to how quickly you speak before checking whether what you're saying matches what you actually feel.

☉ Sun * Sextile ☾ Moon

These days you find it easier to know what you actually want and then act on it without second-guessing yourself. Your **practical needs and your emotional needs are pointing in the same direction**, so decisions feel less confusing. This alignment between the *Sun* and *Moon* means you can move forward with both confidence and peace of mind.

☉ Sun ☾ Semi sextile ♀ Mercury

These days you find it easier to **say what you actually think** without overcomplicating things or getting stuck in your own head. Your mind and sense of purpose line up naturally, so explaining yourself to others feels straightforward rather than exhausting. This is a good window for conversations, presentations, or decisions where you need to be both clear and confident about what matters to you.

☉ Sun ☾ Semi sextile ♀ Venus

Right now you find it easier to notice what you like about people around you, and that makes your social interactions feel smoother. You're more likely to **compliment someone without overthinking it** or suggest doing something enjoyable together. This isn't a dramatic shift, but these days small acts of kindness and warmth come more naturally to you.

LUNAR DAY

Moon in ♊ Gemini · Day 6 / 30 · Waxing Crescent

Social activity picks up for the next day or two, with conversations starting easily but rarely staying on one topic. A general restlessness makes it harder to finish tasks or sit with one idea long enough to go deep.
