KEY TRANSIT FACTORS

☿ Mercury ☌ Conjunction ☉ natal Sun ★

Right now your thinking is clearer than usual, and you find yourself talking more and explaining your ideas without effort. People around you respond better to what you say because you're **more direct and confident in conversation**. These few weeks are a good time to handle emails, meetings, or decisions that need clear communication.

☉ Sun ☌ Conjunction ☿ Mercury ★

These days your mind feels clearer and you're more likely to speak up about what you actually think. **You say things more directly** and people tend to listen because you sound confident. This is a practical time to have conversations you've been putting off or to explain yourself without second-guessing every word.

♃ Jupiter * Sextile ♁ natal NNode

Over the coming weeks, you find it easier to say yes to opportunities that align with what you actually want to do. You're less hesitant about taking small steps toward goals you've been thinking about, and **people around you tend to be more supportive when you ask for help or feedback**. This isn't about luck—it's that you're acting with more confidence, and others respond to that.

♆ Neptune △ Trine ♂ natal Mars

Right now you find it easier to act on your creative ideas without overthinking or second-guessing yourself. Your usual need to charge ahead gets **softened by intuition**, so you pick up on what others actually need instead of just pushing your own agenda. Over the coming weeks, this blend of confidence and sensitivity means you can get things done while keeping people around you feeling heard.

♃ Jupiter △ Trine ♂ natal Mars

Right now you feel **more capable and willing to take action** on things you have been putting off. Your confidence in your own abilities is higher than usual, and you find yourself moving forward without the self-doubt that normally holds you back. Over the coming weeks, this is a good window to start a physical project, sign up for something challenging, or push for what you actually want instead of settling.

♆ Neptune ☌ Opposition ♁ natal NNode

While this lasts, you may feel **unclear about which direction to take** in relationships or work, even when you normally have a clear sense of what matters to you. People around you might seem unreliable or send mixed signals, making it hard to know who to trust or what advice to follow. These weeks test your ability to stay grounded in what you actually know about yourself instead of drifting toward whatever feels easiest or most appealing.

☿ Mercury Rx · ♐ Sagittarius

Plans for travel, education, or big-picture goals hit unexpected snags right now. Opinions expressed with too much confidence may need to be walked back, and long-distance communications often get garbled. This is a better period for reviewing beliefs than for broadcasting them.

♄ Saturn Rx · ♊ Gemini

Mental discipline and consistency in communication are being tested right now. Projects that require sustained intellectual effort may expose areas where your commitment has been shallow. Returning to half-finished work rewards you more during this period than starting fresh.

☉ Sun ☌ Opposition ☌ Uranus

Right now you feel a strong urge to break free from rules or routines that usually work fine, and this creates real friction with people around you. You might act impulsively or reject advice you would normally follow, making **sudden decisions without thinking through the practical consequences**. This period brings frustration because what you want to do conflicts with what actually needs to happen, and ignoring either side leaves you stuck.

☾ Moon * Sextile ☌ Mars

Right now you feel like **taking action on things that matter to you emotionally**, and your body has the energy to back it up. You're not overthinking or second-guessing yourself as much as usual; instead you're moving forward with projects or conversations that felt stuck before. This is a practical window for getting things done without burning yourself out.

LUNAR DAY

The social atmosphere becomes more expressive these days, with people more willing to share opinions and put themselves forward. The need to feel appreciated surfaces in small ways — a slower response to criticism, a stronger preference for being noticed.
