SOLAR ANALYSIS

Solar ASC ♍ Virgo → natal H7 — Partnerships

Relationships take center stage this year. A **significant partnership — romantic, professional, or legal** — becomes the year's defining context. You're learning about yourself through others, and the quality of your close relationships will determine much of what this year means to you. Important people enter your life, existing bonds deepen or clarify. **How you show up for others and what you ask in return** is the year's central question.

Dispositor ♃ Mercury → ♑ Capricorn · natal H12 — Inner Life & Solitude

The dispositor in the twelfth house routes the year's energy through **the hidden, the private, and the unconscious**. The year's most important work happens away from public view — in solitude, in dreams, in the quiet processing of what has been. **Invisible effort accumulates into real results** under this placement, but it requires patience and a willingness to work without immediate external validation. What you release privately creates space for the next cycle.

Singleton: ♃ Mercury (Earth)

One planet handles all your practical grounding — money, physical security, and day-to-day reliability rest almost entirely on it. When it is well-placed, you can be impressively focused and productive in a specific area. When it is stressed, material concerns can feel overwhelming or entirely absent from your awareness. **Your practical energy concentrates rather than spreads**, which means you may be exceptionally capable in one domain while finding routine maintenance in other areas surprisingly difficult.

♇ Solar Pluto → natal H11 cusp

0.3°

Your friendships and social circles undergo serious reshuffling this year, as you cut ties with people who do not align with who you are becoming. **You become more selective** about where you put your energy in groups and with others. *Pluto's* influence exposes which relationships are genuine and which are just habit. By the end of the year, your circle is smaller but real, and your future goals reflect what actually matters to you, not what others expect.

☾ Solar Moon → natal H6 cusp

0.6°

Your feelings will have a direct effect on your health and daily routines this year. You may notice that **stress or worry quickly shows up in your body**. **Your work environment and daily habits need to feel emotionally comfortable** to work well. Small changes in your routine to match your moods can make a big difference in how you feel overall.

♃ Mercury · solar H1/H2 rul. ☐ Square ♇ natal Pluto

Right now your conversations tend to become intense and you dig into uncomfortable truths that others would rather leave alone. You feel compelled to **expose hidden motives and hidden problems**, which makes people defensive or angry with you. Over the coming weeks, this blunt way of communicating will cost you socially unless you learn to hold back what you think.

♃ Mercury · solar H1/H2 rul. ∟ Semi sextile ♆ natal Neptune

Right now your mind is picking up on things you normally miss, and you're finding it easier to **connect the dots between different ideas**. Your conversations have a natural flow to them these days because *Mercury* and *Neptune* are working together to make your words feel intuitive and gentle. Over the coming weeks this can help you explain complicated feelings or understand what someone else really means beneath what they're saying.

♃ Jupiter * Sextile ♇ natal Pluto

You are noticing that **you can actually follow through on changes you've been wanting to make**, whether at work or in your personal life, because your motivation to act is both strong and steady right now. *Jupiter* sextile your natal *Pluto* means you have real leverage to transform something practical — you see what needs to happen and you have the confidence to do it without second-guessing yourself. Over the coming weeks, people around you may pick up on this shift and start treating you differently, which can open doors you didn't expect.

♀ Venus · solar H3/H10 rul. ☍ Opposition ☾ natal Moon

Right now you're caught between what you want emotionally and what you actually want to do socially, and it's making you feel pulled in opposite directions. You might find yourself either withdrawing from people or overcommitting to them in ways that leave you drained and resentful. These days the practical work is recognizing that your needs and other people's needs won't sync up perfectly, and that's not a sign something is wrong with you.

☉ Sun · solar H12 rul. ♂ Conjunction ☽ natal Sun

Your sense of what you want from life becomes clearer right now, and you naturally act on it more directly. You feel more confident in social and professional situations, which means people respond better to you. This is a good window to start something new or push forward with a goal you've been sitting on.

♂ Mars · solar H9 rul. ∟ Semi sextile ♁ natal NNode

These days you feel more **direct and purposeful about pursuing what matters to you**, without the usual second-guessing. *Mars* is giving you a practical push to act on the interests and connections that actually fit who you are. Over the coming weeks, small steps forward in the right direction will feel easier and more natural than they usually do.

♂ Mars · solar H9 rul. □ Square ♂ natal Mars

Right now you feel **irritable and quick to react** to small frustrations that normally wouldn't bother you. Your impatience makes it hard to work through tasks methodically, and you might snap at people or rush into decisions you later regret. This friction between what you want to do immediately and what actually needs doing tends to create conflict at work and at home over the coming weeks.

♀ Venus · solar H3/H10 rul. ♂ Conjunction ♃ natal Uranus

Right now you feel **restless in relationships and less interested in routine affection**. You may suddenly want more independence from a partner or find yourself drawn to people who seem unconventional or exciting. These days *Venus* crossing *Uranus* makes you crave something different, so your usual patterns in romance or friendships feel boring by comparison.
